ALERTED FOR BOMBING—Pupils in one of the Mokena grade schools are shown after they had hastened from their classrooms, which are on the outside of the building to take refuge in the corridors of the building where an additional wall would give them more protection against flying fragments or radiation in the event of a nuclear bombing attack. The picture was taken Tuesday morning following a practice alert staged by the Civil Defense organization thruout the region.

Driver of Stolen Auto Killed When Car Rams Bridge Near Frankfort

High speed brought death to a driver on U.S. 45 last Friday morning about five miles south of U.S. 30. The car struck the concrete rail of a bridge, crashed thru as if it were paper, and rolled over on the bank of the water and the six-foot section of concrete ripped out of the bridge rail had fallen in such a way that it caught his right foot, driving it deep into the mud. He suffered a skull fracture and other fractures.

The driver has been identified—thru cards found on his person—as James F. Owens. He appeared to be about 40 years old, according to police and his place of residence, Bloomington or St. Louis. The car was one that he apparently had stolen from the Chicago loop Thursday night.

The car belonged to Edward Burchard, 25 N. Woodland, Palos Park. The Burchards had gone into Chicago for a dinner and show in celebration of their fifth wedding anniversary. They had left their car in the care of a parking lot and when they came to claim it about 1 o'clock Friday morning it was gone. The Burchards reported their loss to Chicago police and then found a taxi driver who was willing to make the long trip to Palos Park.

The car could have been stolen anytime after 9:30, the time it was parked state police said. Edward Gotter, of Lincoln Estates, attendant at a service station at the intersection of Route 30 and 45, is reported to have identified the crash victim as one who had stopped at the station around 3 o'clock and tried to sell a tire.

There were skid marks more than 300 feet in length leading up to the point of impact, according to investigators, indicating the car was traveling at high speed. The accident occurred about half a mile north of the Manhattan-Monee road on U.S. 45.

Troopers Gordon Beck and Richard Perkins covered the accident for state police. Will County Coroner Willard G. Blood said the victim carried a membership card in the American Legion post at Bloomington, Ill., and a card showing

Get Bids On NIKE Addition At Orland Park

The Abbott Construction Co. 5789 N. Lincoln ave., Chicago, was the apparent low bidder on plans for the construction of additional facilities at an Army anti-aircraft installation located at Orland Park.

The announcement was made by the U. S. Army Engineer District, Chicago, following the opening of bids on the project at its headquarters in the Merchandise Mart. The bid of the local firm was \$466,666, as compared with the government estimate of \$440,556.

Construction plans include a field maintenance shop of 13,000 square feet floor area, a motor maintenance shop of 3,400 square feet floor area, and a quartermaster supply building of 4,600 square feet floor area. All buildings are to be one story concrete block with concrete foundation walls and footings and concrete floor slab. Also included in the project are bituminous concrete paving, site grading, concrete walks, drainage, and a 75,000 gallon reservoir.

Damon Stetson of the New York Times reports that "The automobile industry is facing a period of crucial decisions." There are three main reasons why: the growing popularity of the small economy car, a trend which may force the Big Three to enter this field; lagging new-car sales; the wage and other demands which Walter Reuther's UAW will make on the companies during new contract negotiations.

New Lenox, Mokena and Orland Park Students Win Scholarships

Mokena Board Denies Request of Church For Easement Thru Park

Request by St. John's church, Mokena, for an easement for a driveway thru the village park along the east side of its property has been denied by the village board.

The action was taken at the regular meeting of the board Tuesday night. The request was made several months ago and the board's action was taken after an opinion was prepared by the village attorney, Raymond Hoolehan, holding that the village board could not legally grant such an easement.

St. John church is building an addition at the north end of the present structure to serve the growing Sunday school. The main entrance to this addition will be on the east side. The church asked for a driveway to serve this entrance and also provide a roadway between Second and Third Streets.

The church owns the property north of the addition up to Third st. and this space is used for parking. The addition will set back enough on the church property, a spokesman for the building committee said, so that the east side entrance can still be used, altho it will have to be approached by foot rather than by car.

(Continued on page 2)

Mokena Grade School Choir Sings Tonight

The Mokena grade school choir will present its fourth annual concert tonight, May 8, at 8 o'clock in the Carpenter Street school auditorium.

The choir was organized under its present director, Glenn L. Miers, in the fall of 1954. It has previously appeared this year at Christmas; at St. John United Church of Christ during the Lenten season, and took part in the spring operetta, "Hold That Curtain." Its latest appearance was for the Eastern Will County PTA last week.

The 33-voice group, made up this year completely of girls, will present a varied program divided into three parts.

The first group of songs will include: "When Over Sunlit Paths", "Peter Piper", "Joshua fit de Battle ob Jericho", "When Jonny Comes Marching Home", and "Mother Goose's Holiday".

The second group of songs are more on the sacred line. "He", "I Heard a Forest Praying", "O Sacred Head, Now Wounded", and "The One Hundredth Psalm".

The third and last group will include "The Little French Clock", a medley from the stage show, "My Fair Lady", and "May the Good Lord Bless and Keep You."

The accompanist this year is Wayne Swanberg.

Gas Company to Move Into New Quarters May 10

Northern Illinois Gas Company will move into its new district operating headquarters on Route 30 at Gougar road west of New Lenox, Saturday, May 10, according to D. F. Davis, local district superintendent.

The new headquarters, occupying a 20 acre site, is a modern one story gas air-conditioned masonry and glass building. It will provide 20,000 square feet of floor space for the utility's Joliet area administrative offices, as well as sales, service, meter, operating, stores and transportation activities. Offices of Southern Division Manager Ray O. Stauss and of Joliet District Manager Barton Juell also will be located in the new building.

Davis pointed out, however, that the gas company's store and service office will remain at 63 North Chicago street in the downtown area of Joliet for the convenience of customers in paying gas service bills or transacting other gas business.

The same around the clock telephone service will be available by calling the present gas company listings, Joliet 7-2691 or Enterprise 1441, he added.

Approximately 100 utility employees working out of the new facilities will serve nearly 35,000 customers in Braidwood, Frankfort, Joliet, Lemont, Lockport, Mokena, New Lenox, Plainfield, Rockdale, Romeoville and Wilmington.

Members of the Greek Orthodox Church do not celebrate Christmas on December 25.

In the ark with Noah there were four women—his wife and the wives of his three sons.

Mokena Lions Club To Sell Pancakes

The Mokena Lions club will hold their third annual Pancake Day this Saturday, May 10, from 6 a.m. to 2 p.m. in the VFW hall on Wolf road.

Ralph Thompson is Pancake chairman this year. Mrs. Edmund Vernville is the honorary chairman. The proceeds will be used for the support of Trinity school for mentally handicapped children.

Five students from Lincoln-Way high school are among the 2,259 Illinois scholarship winners, according to the list released to Supt. A. Hunter Chapman.

"We are proud of these young people from our school", Supt. Chapman said. "Assistance in obtaining higher education for students of their ability is of vital importance to the welfare of the state and the nation."

The Lincoln-Way winners are Wendell Anderson, New Lenox, Henry Barnett, Don Lehmann, Leonard Senglin and Joost Sluis, all of Mokena.

The scholarships given by Illinois are for use only in Illinois institutions. Whether Anderson will make use of the Illinois scholarship or accept one from Valparaiso in Indiana worth \$600 a year has not been decided.

Lehmann also has the offer of a scholarship from Cornell at Mt. Vernon, Iowa, but if he accepts the Illinois scholarship it was said he would go to Knox college at Galesburg. Senglin plans to use his at the University of Illinois and Sluis will either go there or the Illinois Institute of Technology at Chicago. Barnett wants to go to Joliet Junior college for two years. The tuition there for students outside the Joliet high school district is \$500 a year.

Two other students from New Lenox, James Beaupre, a student at Joliet Catholic high and Marilyn Zuzag, a student at St. Francis Academy, also have won scholarships.

Other scholarship winners in the area are Carol Macander of Orland Park, a student at Carl Sandburg high school.

\$600 Maximum

Performance on an examination, constructed and scored by Science Research Associates of Chicago, plus high school scholastic records, were used to determine students' superior capacity to profit from college work. The winners were selected from an original list of 13,552 students who entered the competition on Feb. 1. There were 4,567 semi-finalists. The Feb. 4 examination was held on 70 college and university campuses thruout the state.

Each student who completed the examination on Feb. 1 has been informed of his test results thru his high school principal. This information enables teachers and counselors to assist students in making sound educational and vocational plans.

Other conditions of eligibility which are specified in the new scholarship law require that the applicant must be an Illinois resident of good moral character, be in the upper half of his high school class and choose to attend one of 75 approved Illinois colleges and universities. Depending on financial need, stipends cover tuition and fees not to exceed \$600.

In order to insure geographical distribution of awards, the scholarship law provides that two awards be made to resi-

Cook County ASC Will Move Office To Orland Park

The Agriculture Stabilization and Conservation committee, better known as the ASC, of Cook county, is moving its headquarters office from Tinley Park to Orland Park effective June 1.

This announcement was made this week by Carl Borimet, chairman of the Cook county ASC committee. The office is now located in the Farm Bureau building at South st. and 66th Court, Tinley. Its new address will be in the shopping center area at 143rd and LaGrange road, Orland Park. The developers erected a building there that is occupied in part by a food store and the ASC office will be in this structure.

The ASC, which is a division of the U. S. Department of Agriculture, plans to move its Cook county office to Orland Park because it has outgrown its space at Tinley.

The ASC deals with allotment crops and soil bank problems.

MOKENA BOARD DENIES—

(Continued from page 1)
In denying the request of the church the vote was unanimous. Attorney Hoolehan's opinion covers seven single-spaced type-written pages and lack of space prevents inclusion of the document in its entirety. In it he reviews the fact that on July 3, 1855 Allen Denny had a plat recorded of Denny's Second Addition to Mokena which dedicated the east half of Lot 12 of the original town of Mokena as "public ground," and that on June 20, 1856 a document was recorded which was entitled "Release of Public Square" and was signed by Denny and 25 other persons.

This document reads as follows:

"Whereas, the public square, in the village of Mokena, in the county of Will and state of Illinois was originally intended by the proprietor of said village as a plat for the erection of church and other public buildings, required for the convenience of the inhabitants thereof, and the improvement of said village, and whereas by an unintentional omission of said proprietor, it was not so expressed in terms in the instrument by which said village of Mokena was described and recorded: Now therefore, the undersigned being owners of real estate in the said village, deeply impressed with the value of improvement as above stated, to the healthful advancement of said village in moral, intellectual and religious culture upon

A HOT SESSION—of rock and roll got off to a good start Sunday in the V.F.W. hall in Mokena. Jo Ann Long and Thomas Bush, both of Oak Forest are pictured at the first competitive session last Sunday. Teenagers are competing for trophies to be donated by the V.F.W. who are sponsoring the competition. The rock and rollers who participated in the first session gyrated to the hot music of the Teen Tones, popular local orchestra. Refreshments were on hand during the intermission. There is still time for more contestants to enter the rock and roll jubilee. It will be held for two more weeks, May 11 and 18. Starting time is 2 p.m. (Marvin Smith photo)

which the real prosperity of every community mentally depend, I do hereby freely and voluntarily consent to the appropriation of the above named public square for the above stated as fully and absolutely as though the same had been fully expressed in the original certificate of Allen Denny accompanying the plat as recorded in the recorder's office in said county."

Hoolehan cites numerous cases to substantiate his findings and also points out that in reviewing the history of Mokena it is found that both before and after Mokena was incorporated the board of trustees "have consistently treated the document of June 20, 1856 as a valid and subsisting document and it is reasonable to assume that this document was therefore recorded prior to acceptance either expressed or implied by the public of the grounds involved. It is interesting to note that the minutes of the Village of Mokena consistently refer to the property as the Village Park, which meaning is not in any implied by the wording 'public grounds', but it is implied in the term 'public square' which first appears in the document of June 20, 1856.

"In addition the Methodist church first appeared on the premises at approximately 1867, prior to the incorporation of the village and continued to exist without any dispute to its right to be there.

"During 1915 the minutes of the Village of Mokena show that petition was made by the German Lutheran people for the right to erect a church on the property, and that such right was granted them. In all other respects, the village, since its incorporation has consistently exercised dominion and control over the premises.

"It would appear, therefore, that while the original grant of land as 'public grounds' would support the use of a public thoroughfare, open to the use of all in the village, and that while the document of June 20, 1856 is inadequate on its face as a revocation in whole or in part of the dedication of the ground, there is a very serious question as to the right of the village to deviate from the purposes as set forth in that document.

"If the village is estopped by the document of June 20, 1856, the property may then be used only for a public square, public buildings, and church buildings and none of these would allow

a public roadway, for where a public common or park is dedicated, a village has no power to use a portion thereof for a public highway.

"Within the limitations imposed by the restricting document, the village authorities would have reasonable discretion as to what portion may be allocated to churches, public buildings or public square or park, and so long as their discretion is reasonably exercised it is not subject to review. Any projected use, other than that of a park or square or public buildings, which would be contained in both documents, should be approached with great caution, since a very obvious question of fact exists as to the right of the village to make any other use of the grounds, the nature of which question could only be resolved by a judicial finding. Such a step would be advisable only if the benefits to be accrued to the whole village were such as to override the obvious expense

Cancer Crusade In Mokena Ends Friday May 23

The Will County chapter, Illinois division of the American Cancer Society, is conducting a drive for funds in Mokena.

Chairman of the drive is Mrs. Adeline Smith. Co-chairman is Mrs. Florence Niethammer.

Last year Mokena raised \$375.12 in the cancer crusade.

The chairmen of this year's drive request community co-operation by each giving as much as they can to help in research for a cure for the dreaded disease and also to help cancer patients.

To do this Will county needs \$20,000. Help yourself and your neighbor by sending in your contributions today. The cancer crusade ends May 23.

Mokena's Second St. To Become One-Way Thoroughfare Sundays

Mokena's Second street, between Division and Wolf road, is to be a one-way west-bound thoroughfare on Sundays from 8 a.m. to 1 p.m., it was decided by the village board at its regular session Tuesday night. The new rule will be effective this week-end.

The action was taken at the request of representatives from three churches, St. John, the Methodist and Immanuel Ev. Lutheran. There is a traffic jam in the area every Sunday morning and those who have studied the situation believe if the movement of vehicles on Second street is held to one direction, the traffic will flow more smoothly.

Carbon monoxide and unburned hydrocarbons in exhaust gas a primary cause of smog—have been significantly reduced by a catalytic ceramic piston head coating. The method, still in the experimental stage, is being developed by Armour Research Foundation of Illinois Institute of Technology, Chicago.

and inconvenience of judicially determining the authority of the village to make other than the above uses of the premises in question."

DRIVER OF STOLEN—

(Continued from page 1)
that he had been receiving unemployment compensation in Colorado last month. He also had a card in giving a street in St. Louis as his place of residence.

He was driving south at the time of the crash. Investigators believe that he had become stranded in Chicago and had stolen the car to get to Bloomington or possibly St. Louis. The car was a total wreck. Before Owens could be taken out of the water the section of wall that was pinning him in the mud had to be lifted out of the way.

Three states in the Union have four-letter names—Ohio, Iowa and Utah.

HONOR LINCOLN-WAY HIGH SCHOOL BAND at dinner. The Band Boosters, made up of parents of youngsters in the Lincoln-Way band and others who are interested in the success of the organization, gave a dinner at the high school cafeteria last Saturday night, May 3, which was attended by all the band members. This was the first time that the band as a whole has been so honored. Harold Doering,

New Lenox (right), president of the Band Boosters is shown here presenting pins for the nine seniors in the band to Everett Long, New Lenox, himself a senior and president of the band. Next to Long is Robert Taylor, the director and at the left is Stanley Ekedahl, New Lenox, master of ceremonies at the dinner. (Marvin Smith photo)

Dorothea Schneider 44, Tinley, Dies; Last Rites Tuesday

Mrs. Dorothea Schneider, 44, late of 175th and Brennan highway, died Sunday, May 4 at her home following a lingering illness.

She was born December 12, 1913 at Chicago. She had been a resident of Tinley Park for the past nine years. Besides her husband, Arthur A., Mrs. Schneider is survived by two daughters, Geraldine and Susan and a son, Arthur, of Tinley; her mother, Mrs. Dena Burgwald, Chicago; two sisters Mrs. Marcella Frinchum and Mrs. Geraldine Lott, and two brothers, Richard and Cortland, all of Wichita, Kansas.

Funeral services were held Tuesday at the Hirsch funeral home with the Rev. Henry F. Meyer officiating. Interment was in Beverly cemetery, Blue Island.

Scout News

Neighborhood Meeting

The Tinley Park Neighborhood meeting was held April 22, at which time it was announced that Mr. Robert Suhs has consented to act as finance chairman for 1958.

An interesting skit entitled "Atomic Hats" was presented by Troop 97, and a pantomime of Peter Pan by troop 283.

Mrs. Walter Eichelberg of the Tinley Park Garden club spoke on the Flowerama to be held in Chicago Heights at which Scout troops could enter exhibits.

It was announced that a swimming program is being planned for this summer at the Harvey Park pool.

Tinley Cubs 253

Cub Scout Pack 253 met Fri-

day, April 25 at Zion Lutheran church. The theme was "Keep America Beautiful."

Den 3 instructed those present on how to handle a campfire.

Den 5 gave a skit reminding everyone not to be a litterbug.

The Den Dads held a uniform inspection and found most of the cubs correctly uniformed. Michael Baskin was awarded a Lion badge and a gold and silver arrow. George Smith received a gold and a silver arrow. David Smith received a one year service pin. The meeting was closed by all the Cubs and the parents pledging to "Keep America Beautiful."

On Saturday, April 26, Pack 253 planted a tree on the lawn of Zion Lutheran church and dedicated it to their sponsor, The Brotherhood of Zion Lutheran Church.

TROOP 225

Senior Scout troop 225 held a gym jam last week at the Central grade school, with Edward Kostecki in charge. Members and their guests had a very enjoyable evening.

The girls recently held a fashion show in two women's wards at Oak Forest Infirmary. They plan to present the show to another ward in the near future.

Troop 333

Troop 333 under the leadership of Mrs. Edwin Jenkins had a Hobo Hike Wednesday, April 30. The girls really looked the part of hobos inasmuch as they carried sticks on which were

tied handkerchiefs in which to cache their "loot." They did all right, too. They visited the Hal Kent, Warren Proud, William Hanna and John Curlee homes, and then returned to their regular meeting place at the Baptist church for their liquid refreshments.

Troop 587

Intermediate Troop 587 recently hiked to Kalott's Kennels where Dr. L. J. Webb, the veterinarian, discussed and demonstrated the care and grooming of animals. The girls are working on their cat and dog badge, and first aid to animals badge and were very grateful to Dr. Webb for coming to the kennels on his day off.

On April 7 they had their first cook-out at the Tinley Creek Woods. The girls learned to make a trench fire, set up kitchens, hand washing and sanitary facilities. The one pot meal

The hostesses made a lovely centerpiece from moss, leaves and stone. The girls agreed besides the eating, the best part was the hike and the discovery of a swamp area that yielded many treasures; snails and a crab which are being given proper care. Several of the girls made terrariums.

On April 16 the girls and their mothers viewed Health movies and a filmstrip "A Puppy for Jose" in connection with the Migratory Birds. Mrs. Lillian Zawadski of Troop 507 operated

the projector for the girls. Several girls of Troops 334 and 283 and their mothers attended.

If Administration proposals are accepted by Congress, federal employees will receive pay increases aggregating well over \$1 billion a year. The largest part will go to officers and enlisted men in the military services.

Bremen Squad Wins 5 Games, Then Loses One

The Bremen Community High school baseball team after a slow start, broke a winning streak Monday when they lost to Oak Lawn 7-6.

In the second round of play they again trounced Lincoln-Way Friday, when Bremen pitcher, Luke Kent, pitched a no hit game. The score at the end of five innings was 15-0, when the game ended according to the 10 run rule.

At the Bremen-Sandburg game last Wednesday, homeruns were clouted by Bremen's outfielders, Bob Rodger, and Dale Hartwig and infielders Gary DuBois and Roger Hug. Each garnered one homer. The score of the game at the end of five innings was 17-7 for Bremen.

The Bremen squad now has five wins and four losses.

Telephone Co., Union Agree On New Contract

Agreement on a new wage contract, calling for weekly increase of from \$1 to \$3, was reached last week by Illinois Bell Telephone Company and the International Brotherhood of Electrical Workers (AFL-CIO).

The Union represents 12,500 Plant Department employees in Chicago and 370 communities, served by Illinois Bell in Illinois and Lake and Porter counties in Indiana; including linemen, installer-repairmen, cable splicers and clerks. There are 24 Plant Department employee here in Homewood.

The 12-month wage agreement, effective to April 30, 1959, will go into effect May 4 if ratified by the Union membership before May 12. Total cost to Illinois Bell in wages and related costs is \$2,000,000. The negotiations, in progress for two months, involved only wages and town reclassification, under a wage-reopener clause in a contract signed a year ago.

A reclassification of top crafts men in Cook county resulted in an additional 50-cent weekly increase. Craftsmen in Sterling and Canton also were reclassified into a higher group; as were clerical workers in Quincy, Danville, Geneva, Chicago Heights, Summit and Oak Lawn.

Maximum basic rate for skilled craftsmen in Homewood will be \$120.50 per week. This rate excludes overtime and premium pay.

Texas Eastern Stores Gas In Liquid Form

Consolidated net income of Texas Eastern Transmission Corporation for the first quarter of 1958 increased to \$7,927,721, equal after provisions for preferred dividend requirements to 80 cents per share on the 8,386,991 common shares outstanding on March 31, Orville S. Carpenter, president, told stockholders at the annual meeting today. He further stated that approximately 14 cents per share of these earnings was non-recurring. This compares with net income of \$6,383,331, or 68 cents per common share, earned on 8,235,928 shares in the first quarter of last year after restating 1957 earnings and number of shares of common stock to reflect the acquisition of La Gloria Oil and Gas Company. Operating revenues were up in the first quarter, Mr. Carpenter told stockholders, principally because of increased natural gas sales made possible

by expanded transmission facilities put into service in the fall of 1957. He said that revenues from natural gas sales for the 1958 period were \$59,047,655, an increase of 22% from natural gas revenues of \$48,353,252 in the same period in 1957. Mr. Carpenter told stockholders that natural gas expansion projects completed in 1957 have added considerably to the company's earnings base and that the full effect of the increased capacity was felt for an entire quarter for the first time in the period just ended.

Stockholders at the annual meeting voted in favor of management proposals to increase the authorized preferred stock to two million shares from one million and to increase the size of the board of directors from nine to ten. Stockholders also voted to relax certain test provisions affecting four different issues of preferred stock.

John F. Lynch, president of Texas Eastern's wholly-owned subsidiary, LaGloria Oil Company, was elected to the board of directors to fill the post created by increasing the size of the board. All other directors were re-elected.

Orchids Grow Wild In Cook County Woods

Do orchids grow wild in Cook county? Yet! To those of us who have seen only those elegant white, mauve and shell-pink creations that come out of hothouses and are sold in florists' shops, this is amazing. Yet it is true. Thirty kinds are native to the Chicago area.

Orchids are the aristocrats of the world of flowers and make up one of our largest plant families with nearly 20,000 known kinds. They include some of the most beautiful and highly prized flowers known to man. The seed sods of two tropical climbing species yield the vanilla of commerce. Most kinds are found in the tropics where many grow like air plants on the trunks of trees. However, all of our native species grow directly from the ground, preferring acid soils rich in peat, such as cool sphagnum bogs, along with pitcher plant, sundew, swamp blueberry and cranberry. They are difficult to grow, partly because the seeds are as fine as dust—the smallest in the plant kingdom.

Perhaps no other plant family has suffered so much destruction by the upheavals involved in the expansion of our metropolitan area. Altho several were abundant at one time, now, not a single species is common. For example, there used to be thousands of Showy lady's slippers growing in the dune region of northern Indiana where the great steel mills are now located. The greatest variety is still to be found in the wilder parts of the remaining dunes. Fortunately, about forty years ago, Cook county set aside some good orchid habitats as forest preserves—early enough to protect a number of kinds.

The favorites of plant lovers probably the Lady's Slippers, of which there are several—yellow, white, the showy—which is magenta in color—and the stemless of acid bogs, better known as the Moccasin flower.

Our most colorful orchid is the orange fringed, which stuns you with its breath-taking brilliance when you happen to come across it for the first time. Rivalling it in beauty is the rare purple fringed orchid. These two and several other close relatives take their name from the fringe on the bottom petal. The coral root orchids are unique because none of the plant parts are green. Lacking chlorophyll, they cannot manufacture their own food and

Unusual Cereal and Milk Combos

Corn flakes and bananas are an old time favorite, but have you tried serving this combo with chocolate milk? Use chocolate milk, make your own chocolate milk using instant chocolate milk preparations, or drizzle chocolate sauce over the bananas and serve with regular milk. Chocolate malted milk is another variation.

Top each serving of hot cereal with 2 slices of crisp fried bacon, crumbled. Drizzle two teaspoons of maple syrup over the cereal and serve with whole milk, half and half, or nonfat milk.

These cereal and milk combos have been especially developed to be featured during the fifth annual Cereal and Milk Spring Festival. The American Dairy Association and the Cereal Institute join to sponsor this festival to promote the food value of cereal and milk.

In an average serving of one ounce of cereal, four ounces of milk, and one teaspoon of sugar you are providing your family with top-quality protein, quickly available food energy, essential B vitamins (thiamine, riboflavin, and niacin), and the important minerals (calcium, phosphorus, and iron), for less than five cents per serving. Penny for penny, few indeed are the foods, which for such a low cost, can equal the nutritional contribution of the cereal and milk serving.

so must get nourishment from dead plant material.

The grass pink orchid of moist grassy meadows can be seen at Illinois Beach State park north of Waukegan. Occasionally found with it is the snake-mouth orchid which has a delightful fragrance resembling the odor of fresh raspberries. June is the best month to see most native orchids in bloom but our commonest kind, ladies' tresses, blooms in autumn.

All orchids have leaves with parallel veins like those of lilies and irises. Their flowers have three sepals and three petals; but one petal, the lowest, is out of all proportion to the others and is called the "lip". This is the most obvious of all orchid peculiarities. This lip is actually the upper petal which has been twisted half a round. It serves as a landing strip, restaurant and signboard for bees. The orchid possess an elaborate and fool-proof system which insures that its sticky pollen is carried from one flower to another by insects.

The lady's slipper is protected by Illinois state law.

(Wanted: Suggestions for future Nature Bulletins. Address: Nature Bulletin Forest Preserve District, 536 North Harlem Ave., River Forest, Ill.)

Green feeding gets more nutrients from an acre of forage than grazing does, because less feed is wasted and refused by the cattle.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame.

Most Farmers Favor Soil Tests, Survey Of Corn Belt Shows

SIXTY-FOUR per cent of farmers using fertilizer report they have had their soil tested, compared with 32 per cent for non-users.

About half of those who failed to have their soil tested blamed their own negligence.

That was the statement of the Midwest office of the National Plant Food Institute, based on an Institute-sponsored survey by National Analysts, Inc.

The survey indicated there is a considerable potential for profitable fertilizer use by Corn Belt farmers.

For example, only 9 per cent of all farmers in the Middle West use fertilizer on their two principal crops at rates approaching those recommended by their state experiment stations.

About 36 per cent of all farmers used no plant food on their first or second most important crops. The remaining 55 per cent used fertilizer at rates much less than considered adequate in all cases for the type of crop and soil involved.

"The Corn Belt farmer needs to know more about the profit-building effects from proper fertilization," says the NPFI statement. "He needs to get more information on factors such as: 1—His true cost of production; 2—His actual yield response; 3—The role of commercial fertilizer in soil improvements; 4—Measures of fertilizer response throughout the growing season."

Women first appeared as professional dancers on the French stage in the 17th century.

THE SOCIAL WHIRL

Weddings, Engagements, Clubs, Women's Activities

MARILYN LU COOPER

Announce Plans Of Area Couple To Wed In June

Marilyn Lu Cooper, daughter of Mr. and Mrs. Harold J. Cooper, will become the bride of Wesley Sievert, son of Mr. and Mrs. Edward Sievert of New Lenox on Saturday, June 28, in St. John's United Church of Christ, Mokena.

The wedding ceremony will start at 7 p.m.

The bride, who attended Joliet Township High school for two years and graduated from Lincoln-Way Community High school, is graduating from Joliet Junior College in June. She is presently a part-time employee of the Will County treasurer's office and in the fall will teach in the Maue school, Tinley Park.

The groom is a graduate of Joliet Township High school and served for four years in the U. S. Air Force. He is employed by the Chicago, Rock Island and Pacific Railroad.

All friends and relatives are invited to attend the wedding and reception which will follow in the church parlors.

Women Voters Elect Officers; Meet at School

Tinley Park Provisional League of Women Voters will hold its annual general meeting in Tinley Park Central school, Monday evening, May 12 at 8 o'clock. Officers and directors will be elected and the budget for 1958-59 will be adopted.

The spring luncheon will be held Wednesday, May 14 at 12:30 at Lincoln Heights on Route 30 east of Western Ave. Reservations can be made by calling KE 2-4965, KE 2-4876 or KE 2-4162. An interesting program is promised.

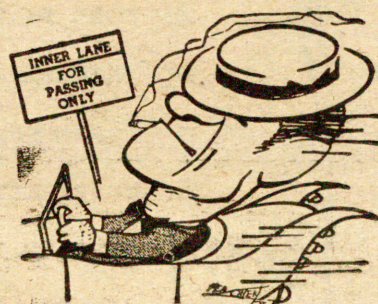

Schedule 2 Events This Week-End at St. Michaels Parish

A Mother's Day Games Party will be held tomorrow, May 9, in the school auditorium. Games start promptly at 8:30 p.m. and the public is invited.

The St. Michael's Holy Name Society will hold its regular monthly meeting at 8 o'clock Monday night in the church basement.

The Rev. Hugh Calkins, from Our Lady of Sorrow church will be the speaker. Father Calkins was educated in Rome, has done considerable writing and is rated as an interesting and accomplished speaker. There will be refreshments.

Boob of the Month

MIDDLELANE MILDEW has never run off the pavement or been caught for speeding.

Not that he is overly respectful of regulations; he just likes to plug along in the inner lane.

He hasn't yet caught onto the idea that the outer lane is intended for drivers who want to go slower than the limit.

On the expressways especially Mildew is an outstanding feature of the passing parade.—Cook County Highway Department.

Vladika-Bailey Nuptials Are Solemnized In St. George Church

Miss Mary Anne Vladika, and Robert Bailey were united in marriage at a 3 p.m. ceremony in St. George church, Saturday, April 26. The Rev. Thomas D. O'Connell officiated at the double ring ceremony.

The church was beautifully decorated with flowers at the altar.

The bride is the daughter of Mr. and Mrs. Joseph Vladika of 17346 S. 68th court. The groom's parents are Mr. and Mrs. C. W. Bailey of 17042 S. New England Avenue, Tinley Park.

Organ music for the wedding ceremony was played by Anne Feldner. The soloist, Robert Minter sang "Ave Maria" and "On This Day Oh Beautiful Mother."

Escorted down the aisle by her father, the bride was radiant in a gown of white lace over satin with an illusion veil caught from a crown of seed pearls. Her only jewelry was a small crystal pendant on a tiny silver chain. She carried a bouquet of white roses and carnations.

Miss Rita Vladika, sister of the bride, served as maid of honor. She wore a gown of sheer material in white and pink with a headpiece of veiling to match. Her bouquet was of red roses. The bridesmaid, Miss Janet Bailey, sister of the groom wore a similar gown with the exception of the color accent of white and green and she carried a bouquet of pink roses.

Charles Bailey, brother of the groom was best man with Ted Hoeller serving as usher.

The bride's mother wore an embroidered gown in blue crepe with white and brown accessories, while the groom's mother was gowned in brown lace with brown and beige accessories.

Attending the wedding were grandparents of the young couple, Mr. and Mrs. Michael Burns and Mr. and Mrs. William Bailey.

A reception for 90 guests was held at the bride's home following the ceremony. The bridal table was centered with a wedding cake.

Following a week's honeymoon at Walnut Ridge, Ark., the young couple are at home at 17042 S. New England ave. The groom is employed with the Rock Island Railroad.

Ervin Funks To Observe Silver Wedding Anniversary

Mr. and Mrs. Ervin Funk will celebrate their 25th wedding anniversary May 17. Ava and Bush, as they are better known as, were married at Pittsfield, Ill. in 1933, and have been at their present location for the past 24 years.

They have three children; Merle who is in the air force, Sherry who lives in California and Wanda.

They are planning an open house on May 17, from 3 to 9 p.m., to which their many friends are invited.

GARDEN CLUB TOUR

Tinley Park Garden club plan a tour to Flowerland, near Crystal Lake on Thursday, May 15. Members are to meet at the home of Mrs. John Werth at 10 a.m. on May 15.

Engagement Of Darlyne Cleveland Is Announced

Mr. and Mrs. Clayton A. Cleveland, R.F.D. Marley Mokena, announce the engagement and approaching marriage of their daughter, Darlyne P., to James Francis Hischier, son of Mr. and Mrs. Joseph R. Hischier, 400 North Bluff st., Joliet.

The wedding will take place at 2 o'clock the afternoon of May 24 in St. John Catholic church, Joliet. Some invitations will be issued, but all friends and relatives are invited to attend both the wedding and reception, to be held at 7:30 o'clock that evening at Cantigny Post, Horseshoe Dr.

A graduate of Joliet Township High school, Miss Cleveland is now employed by the Chicago Title and Trust company, Will County Division. Mr. Hischier, an employee of the National Carton Corporation, is an alumnus of Joliet Catholic High school.

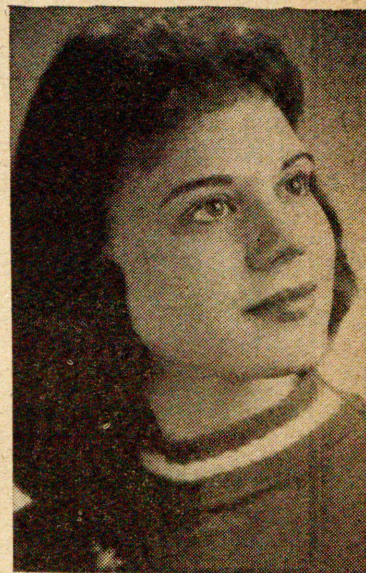

O give thanks unto the Lord, for He is good: because His mercy endureth for ever. —(Psalm 118, 1.)

Throughout all ages and all eternity, Almighty God seeks the soul of His children—seeking to fill our lives with the joy that comes from His good, His loving-kindness, His strength and His mercy. We create our own utter misery by wilfully turning away from Him.

My Neighbors

"Just like Hungary, Comrade. All Russian satellites get burned up sooner or later!"

ENGAGED—Mr. and Mrs. Velvin Gattrell of Tinley Park announces the engagement of their daughter, Mary Ann to Mr. Robert Thomas, son of Mr. and Mrs. Charles Ballo of Midlothian. No date has been set for the wedding.

Frankfort

Woman's Club to Install Officers At Meeting Thursday, May 15

By KATHARINE HEISNER
Phone Frankfort 5187

The following elected officers of the Woman's club will be installed at the meeting Thursday May 15, to be held in the village hall: Mrs. Erich Bizer, president; Mrs. Ray Putnam, vice-president; Mrs. Lynn Kohlhaen, secretary and Mrs. Albert Krusemark, treasurer. The meeting will start at 7:45 pm.

Hostesses for the evening are Mrs. Lewis Ebert, chairman and Mrs. Don Carroll, co-chairman, Mrs. Al Zechlin, Mrs. Joe Scott and Mrs. Paul Lambrecht.

Movies of the Pasadena Rose festival will be shown by Mr. and Mrs. Roy Strappazon of Joliet.

All past presidents are requested to be present at the meeting.

Mrs. Blanche Mitchell has returned home after spending a 10 day vacation with Mr. and Mrs. Robert Frey and family of Steger. They travelled the Citrus route to Florida, visiting with friends in Miami, returning home by the eastern route.

Mrs. Lillian Wilber and daughter Jean and Mrs. Martha Smith, both of Montgomery, Ill. and Mrs. Katharine Andres of Tinley Park visited with Miss Emma Wilson Sunday afternoon.

Mr. and Mrs. Ralph Nieland and Miss Pat Heisner bowled at the Bowling Tournament at Lockport with the Phillips Control Corporation Bowling League at the New Strike and Spare bowling lanes Sunday afternoon.

Roy Bell, son of Mr. and Mrs. Marion Bell, underwent an emergency appendectomy last Thursday at Silver Cross hospital. He returned home Monday afternoon.

The PTA executive meeting will be held next Monday at 1:30 pm. in the school.

The regular PTA meeting will be held at 7:30 pm. May 14. The following will be installed as officers for the ensuing year: Mrs. Marion Bell, president, Mrs. Lewis Ebert, vice president; Mrs. Ray Putnam, secretary; Mrs. Scherril Rahm, treasurer, Mrs. Lee Robinson and Mrs. Milton Subbert are program chairmen.

The topic, "Reviewing Our Achievements" will be carried out in a skit evaluating the work of the past year.

First grade mothers will be hostesses. Mrs. William Besse is chairman.

Local pupils of the Park Forest Conservatory who participated in the piano festival held Sunday evening at Rich Township High school, were Mary Ann Otto, Martha Otto, Helen Ebert and Bill Ewing.

Mrs. Rosa Hirt has returned home after spending a month with her daughter and family, Mr. and Mrs. Thomas Patten at Indianapolis, Ind.

The Frankfort Honey Bees, 4H Girls unit, will meet Thursday evening, May 8 in the home of Mrs. Norman Olson, 148 S. Cass st.

Families are invited to worship together at St. Peter's church Sunday, Mother's Day and mothers are being invited to attend their children's Sunday school classes.

Rev. Erich Bizer attended a meeting at the Deaconess hospital in Chicago Monday.

The Brotherhood of St. Peters church will meet Tuesday evening, May 13, at 7:30 pm.

Rev. Ben F. Day attended a meeting at Springfield Tuesday as a representative of Rock River conference, at the Social Action Commission of the Illinois Council of Churches meeting.

Mr. and Mrs. Ronald Simrell

are the parents of a son, born May 2, at St. James hospital. The infant weighed 7 lbs. 1 oz. and has been named Larry Gene.

Mr. and Mrs. Paul Lambrecht and family returned home recently after a 10 day motor tour thru New York where they viewed the various places of interest. Then they went to Philadelphia calling on friends there. Enroute home they stopped at Dearborn, Mich. visiting with the Lankenaus.

Award Students

Winners of the essay contest sponsored by the American Legion, who received awards last week were: Susan Lauffer, 6th grade; Richard Osmus, 7th grade; and Elaine Mager, 8th grade.

Other awards presented by Commander Daniel Hecht were for outstanding girl and boy in the 8th grade. These went to Kay Van Rheeden and Michael Tate. Runners up were Diane Brown and Sam Foster.

Awards were also presented to band members who won first and second places in the district and state band contests.

Members of the basketball, volleyball and cheer leader teams also received either letters or pins.

Band Booster Dance

The second annual spring dance sponsored by the Band Boosters will be held from 9 p. m. to 1 a. m. Saturday, May 10, in the grade school gym.

Mr. and Mrs. Walter Bettenhausen entertained Sunday the following guests in honor of their birthdays, Mr. and Mrs. Fred Koehler, and Lynn Dee, Mr. and Mrs. Gilbert Koehler and daughter, Emma Koehler and Mr. and Mrs. Lewis Bettenhausen and family, all of Blue Island, Mr. and Mrs. Joe Kolodcyk of Chicago, Mr. and Mrs. Henry Ruhbeck of Peotone, Mr. and Mrs. Walter Peters of Monee, Mr. and Mrs. Richard Borms and family of Green Garden, Mrs. Albert Borms and Mr. and Mrs. Albert Bettenhausen and children of Lincolnwood.

Adamowski Calls For Action On Gambling Spots

(CNS)—Village presidents and police chiefs across Cook county are pondering the latest ultimatum by State's Attorney Adamowski on gambling.

In letters dispatched to the village presidents and Mayor Daley of Chicago, Adamowski urged they suspend the liquor licenses of saloons and clubs that have purchased federal gambling tax stamps.

"The very purchase of a gambling is prima facie evi-

Low Cost Milk From Fertilized Pastures Ups Dairy Profits

Protein content runs high on well-fertilized pasture.

HIGH nitrogen fertilizers applied to pasture lands are opening up profitable opportunities for low cost milk and meat production, reports the Middle West Soil Improvement Committee, in citing a statement by Prof. C. J. Chapman, University of Wisconsin extension soils specialist.

"More abundant pastures not only give us low cost feed, but fit into our program of soil conservation and grassland farming," says Chapman.

Over the past seven years, farm demonstrations with high nitrogen fertilizer have been carried on throughout Wisconsin, Chapman reports. A total of 698 tests have been conducted.

Cooperating farmers have set up acre-scale demonstrations, with fertilized and unfertilized plots. In most cases 10-10-10 or 12-12-12 fertilizer has been applied at the rate of 450 to 500 pounds per acre. Plots have been clipped at two or three different periods, and yields calculated on a dry matter basis.

"The protein content of fertilized pastures grazed by cattle in late May or early June, will run from 20 to 22 per cent," says Chapman. "In fact, the average protein content for June and July will run about 18 per cent."

With 18 per cent protein dairy feed costing about \$70 per ton, we believe it is fair to figure our yield increases due to the 10-10-10 fertilizer, at \$50 per ton."

"These high nitrogen fertilizers can be applied in spring or the fall."

"We have observed in some cases a carry-over benefit from the phosphate-potash content of this fertilizer for two years following its application."

dence of an intent to violate the laws of the state of Illinois, and to protect the 'welfare of the community' you can immediately order a suspension of the liquor license of the establishments which purchased gambling stamps from the federal government," Adamowski told the mayors and village presidents, who are the local liquor control commissioners in their municipalities.

Search warrants are not necessary in such cases, Adamowski said. This procedure doesn't involve raids.

The state's attorney lashed out at gambling raids conducted without search warrants as "shadow boxing" and "so basically inept as to shock the conscience of any right-thinking citizen." School children, he said, know that "no law enforcement officials have the right to invade the sacred precincts of a citizen's home or

business without a proper gambling raids without search search warrant."

Adamowski warned he would prosecute on malfeasance charges any officials persisting in such illegal raids.

How prevalent such raids are by suburban officials wasn't disclosed by Adamowski. But it's well known downtown that Chicago police and the sheriff's office have conducted many

warrants for years.

Many of the 112 village presidents in Cook county were puzzled for being included on Adamowski's mailing list.

Because the earth's atmosphere bends the moon's rays, the moon is not actually where it appears to be when looked at from the ground.

Lutheran Church to Show Slides

All members of the Immanuel Lutheran church and their friends are invited to attend a showing of slides depicting the activities of the Federated Lutheran charities in the church Friday at 8 pm.

The Ladies Aid of the church will hold the Mothers and Daughters banquet at 6:30 pm. Sunday, May 18. Tickets may be obtained from any member of the Ladies Aid or by calling Mrs. Albert Janner, 4181.

Nancy Lou Spiess, daughter of Mr. and Mrs. Gordon Spiess was baptized at the Sunday morning services in the Immanuel Lutheran church. The sponsors were Mrs. Arthur Hostert and Melvin Mouterv.

The Friendly Circle of St. John's church will meet Thursday evening, May 8 at 8 p.m. The program will be in charge of Jeanette Knieriem and Marion Gorman. Refreshments will be served by Mesdames Pat Spiess, Jane Lorenz, Bette Homering, Marion Nordsell, Virginia Hunniford and Vera Warning.

The Mokena Book club will be held Friday evening, May 9 in the home of Mrs. Hugo Neithammer at 8 p.m. Mrs. Albert Zemeski will present the program and will show nature slides.

The Sacred Heart League will hold its annual May breakfast on May 18 following 8 a.m. Mass at Consola's Restaurant on Wolf road and 171st st. All members and their teen-age daughters are welcome. Those interested please call Mrs. Warren Manker (Mokena 2574) by Monday, May 12.

Mr. and Mrs. Frank Nestor of Chicago were Sunday evening dinner guests of Mr. and Mrs. John C. Hubler.

The St. John's Women's Guild will hold their regular meeting in the church parlor on Thursday, May 15. The meeting will be preceded by dessert coffee at 1:30 p.m. The topic "We believe in the incarnation", will be presented by Mrs. Roy Kropp. A filmstrip "The Growth of our Idea of God" will also be shown. May hostesses will be Mrs. Peter Homering, chairman, assisted by Mesdames, Julia Beagley, Rose Bechstein, Anton Benson, Emma Bisgrove, Peter Mancke, Ervin Manzke, Ed. Strassenburg, Alice Thomas and Stanley Yunker. Final arrangements are being made for the combined rummage and bake sale to be held May 24 in the church parlors beginning at 10 a.m.

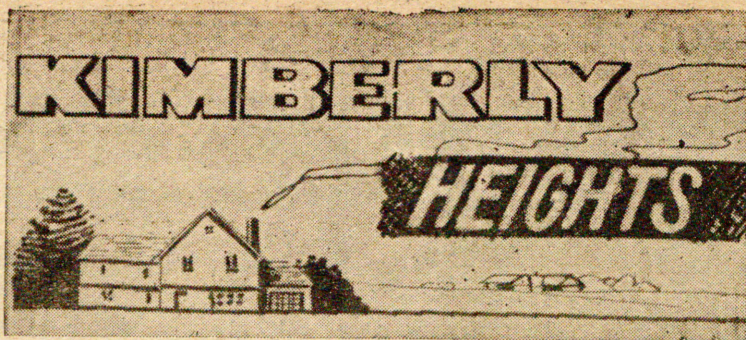

Saturday, May 10 is the date for the second annual rummage sale held by the Mokena senior scout troop 42. The sale is scheduled to start at 10 a.m. at Cooper and Hostert garage and will continue through the afternoon. Besides bakery goods their will be clothing, jewelry and household articles for sale at low prices. So help the seniors earn their way to the Scout Bayjamer in Michigan and support their rummage sale.

In connection with knowing one's neighbor perhaps a little better by means of a community social affair of some sort, John Walsh, president of the Homeowners' association, has told me that the association has tentative plans for an old-fashioned basket picnic to be held this summer in a nearby forest preserve, with games, races and prizes, perhaps making it an annual family outing, if there is sufficient interest. A suggestion has also been made that a winter affairs, such as a dinner dance, be planned for residents and their friends.

Know Your Neighbor

While Mr. and Mrs. Vernon Brockmann of Fulton Terrace are both Missourians by birth, they lived in Chicago since 1950, when Mr. Brockmann received his doctorate and became a professor of geography at the Chicago Teachers' College.

Mrs. Brockmann was also formerly a teacher, but on coming to Chicago, decided to try another field, that of secretary in the department of industrial relations at the Ford Aircraft Engine Division, where she has been employed for the past eight years.

In October of 1957 they moved to Kimberly Heights and enjoy living here very much. Like so many owners of newly built homes, their main concern right now is getting a lawn in, and Mrs. Brockmann tells me they envy us "old settlers" of a year or two our green grass, but we, who have hopefully planted a few spindling elms and maples, envy the gorgeous backdrop of towering oaks and maples which Mother Nature has provided for them in the forest preserve which borders their property.

Mrs. Robert Hebert, of Beverly ave., is recovering from her illness of the past two weeks and hopes soon to be able to be out working in her yard once more.

Ye scribe and family were guests Saturday night at a reception and buffet supper in honor of the first communion of Mrs. Donovan's nephew, David Schneegas, of Chicago.

There will be a hint of the Caribbean hereabouts when the

gals begin wearing those fun-under-the-sun outfits ordered at Helen Doyle's demonstration party last Tuesday evening. There were bright shorts of all lengths, colorful casuals for a variety of summer activities, obligingly modeled by several of the guests, and some particularly attractive clam digger's pants, also adaptable to crab grass digging.

Boys will be boys, and occasionally they will throw stones, in spite of parental warnings, but Raymond Gavril, 16441 Ridgeland, can testify that it is no fun to be on the receiving end. Raymond was rushed into town one day last week to have a scalp wound stitched up, but maybe some of the fright and pain he endured were offset by his moment of importance the next day on the school bus, as he displayed a shaved spot on his head to his awed school-mates.

No. Ill. Gas to Hold Annual Meeting June 10

Proxy material was mailed out today (May 8) by Northern Illinois Gas Company to its 117,000 stockholders announcing the utility's annual meeting in Aurora on Tuesday, June 10. Starting at 10:30 a.m. the meeting will be held in the Benjamin Franklin Junior High School, 14 Blackhawk Street.

Stockholders will be asked to elect ten directors including the present nine man board and Edward D. Sheehan, the utility's vice president in charge of operations, Sheehan, who has been associated with gas operations during most of his 32-year utility career, is a resident of High Park.

Marvin Chandler, president of Northern Illinois Gas, pointed out that about two-thirds of the proxies were being mailed to stockholders residing in Illinois. He added that one out of four stockholders lives in the 20-county territory served by the company in northern Illinois.

He also noted the other third

of the proxies were being mailed stockholders residing in all other states as well as several foreign countries.

No one individual stockholder, Chandler said, owns more than one per cent of the total number of shares of common stock outstanding.

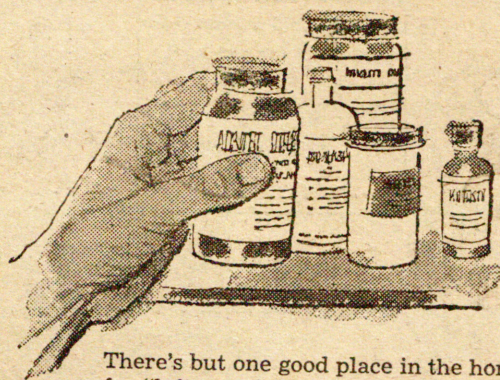

Approximately 700 attended the 1957 meeting according to Chandler who said this year's informal program following the business session will feature an exhibit of the latest gas appliances including gas air condi-

tioning equipment and the company's new Penny Flame mobile kitchen-laundry display trailer.

The farm problem of the U.S. is one of adequately using our great abundance of food and other farm products. A university of Illinois agricultural economist says that farm production increases come easily and farm prices are often too low. And farm incomes generally average below those outside of agriculture.

MEDICINE CHEST

"LEFTOVERS"

There's but one good place in the home for "leftovers." That's the refrigerator—and the "leftovers" should be foods, not medicines.

Medicine chest "leftovers" are risky at best, and often downright dangerous. The medicine your physician prescribed a year or so ago was intended to be used then, not now. Avoid serious danger—dump old medicine at once.

Each illness requires scientific diagnosis—and, usually, specialized medicine is indicated.

See your physician. Let him decide what's best. Call on us to provide your medication.

Joyce Scheer Participates In Hammond Recital

By Katherine Heisner
Phone Frankfort 5187

Miss Joyce Scheer was one amongst the Lyon and Healy staff organists who took part in the Hammond Extravaganza recital Sunday, held in Orchestra Hall, Chicago.

Saturday evening guests of Mr. and Mrs. Henry Kuse were Mr. and Mrs. Leslie Koenig and family and Mr. and Mrs. Ray Janssen and family both of Frankfort.

On Sunday evening Mr. and Mrs. Henry Kuse entertained the following relatives at supper in honor of his birthday:

Mr. and Mrs. Lawrence Bode and family, and Mrs. Anna Bode, both of Tinley Park, Mr. and Mrs. Paul Schrank and family of New Lenox, Mr. and Mrs. Herman Kuse and daughter of Frankfort, Mr. and Mrs. John Kuse Jr. and family, and the Misses Alma, Amanda and Ida Kuse.

Mr. and Mrs. Earl Bettenhausen and daughter Marie Ann, Mrs. Mary Bettenhausen and Lora Lynn and Gale Bettenhausen visited with Mr. and Mrs. Carl Weber of Herscher Sunday, also being their dinner guests.

The Women's Society of Christian Service of the Methodist church will gather in the church parlors Wednesday afternoon, May 14, at 1:30 pm. beginning

with dessert coffee. Hostesses will be Mrs. Clarence Johnson, Mrs. Stuart Vanderbilt and Mrs. Adolph Ullrich. The worship and program with topic, "The March of Missions Dollars", will be given by Mrs. Norman Krapf, Mrs. Walter Kopman and Mrs. Fred Bettenhausen. Mrs. Alfred Krapf will have charge of the business meeting.

Install Officers

The following were installed as officers of the PTA last week: Gordon Rogers, president; Mrs. Glen Nagel, vice president, Mrs. Earl Christiansen, secretary and Mrs. William Bettenhausen, treasurer. Installing officer was Mrs. A. J. Brader.

The next roller skating party sponsored by the PTA is scheduled for Wednesday, May 7 and will be held at the Monee skating rink. Entire proceeds will be added to the piano fund.

The annual school picnic will be held Sunday, May 25 on the school grounds.

Rabbits can run faster up hill than down because the hind legs are longer than the forelegs.

Gets Shipment of Books From State Library

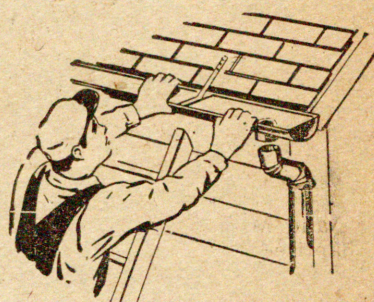

The current selection of state library books available at the Mokena library is a popular one. Borrowers are finding books for all ages and all tastes. Every age from toddler to adult reader is represented, including books on history, nature, Indians, sports and how to do it.

Parents selecting books for very young children will find many beautifully illustrated stories, including "The Lonely Doll" by Wright, "Tigers Don't Bite" by Tworokov and "What's in the Dark?" by Memling. This last is written to make the child feel the friendliness of the dark instead of fearing it.

The library is located on Front street, two doors west of Wannemachers store. It is open every Wednesday night from 7:30 to 9:00. All residents of the Mokena area are eligible to withdraw books. Children under

Here Are A Lot of Things Most of Us Didn't Know About Sparrows

By ROBERTS MANN
(Conservation Editor)

The commonest bird of our cities and towns, or about buildings in rural regions, is the English sparrow. This much cussed and discussed immigrant was brought from Europe to America about a century ago and quickly followed man across the continent. It builds large trashy nests of grass and straw, lined with feathers, under the eaves or roofs of garages, barns, sheds and porches; as well as in birdhouses. It is quarrelsome and they gang together to drive out songbirds. Sometimes it is called the House sparrow but, strictly speaking, it is one of the Weaver finches which build nests with a side entrance. It is not a sparrow.

Our native sparrows are true sparrows. In bird lists they are placed at the back of the book because they occupy the top-most branch of the family tree of birds. Most bird scientists place them there because they are most different from that fossil reptile-like ancestor of birds, which had teeth in its mouth, toenails on its wings, and a long rat-like tail with a row of feathers down each side.

20 Species in Area

About twenty species of native sparrows have been found in the Chicago region. Some of them are rare; but, if you look in the right places, almost half of them can be seen here at some time during the year. They are inconspicuously colored—usually in gray and brown—more or less striped above and lighter beneath. Males and females are much alike. Being birds of the ground, or not far from it, they have coloring well suited to conceal them in fields and thickets. Most of them are about the size of an English sparrow, and each weighs about an ounce. The Chipping sparrow is the smallest and the Fox sparrow the largest. Their nests, made of dried grass and rootlets, often lined with hair, are on the ground or in bushes. The Song sparrow, Field sparrow and Vesper sparrow nest regularly in this region. In winter, our most common bird is probably the Tree sparrow which comes down from Canada. To a close observer these birds act differently from the English sparrow. When eating or resting, many of them have a quick nervous twitching of the wings and tail. Some scratch for food with a quick backward jump with both feet.

Eat Weed Seed

These native sparrows, each year, devour huge quantities of the seeds of noxious weeds

which they crack with their short stout cone-shaped bills. In fact, weed and grass seeds make up over 90 per cent of their diet during most of the year. In the state of Iowa it was once estimated that these sparrows ate 875 tons of weed seed each season. This figure was based on 10 sparrows per square mile, each eating one-fourth ounce of seed daily for 200 days out of the year. In summer, and especially in the breeding season, their food—and that of their growing young—consists mostly of protein-rich insects. These include large numbers of harmful weevils, other beetles, and grasshoppers.

Not vividly colored, and not boldly marked, these sparrows are often known best by the brilliance and the melody of their singing. Among the best of these songsters are the white-throated, white-crowned, field and song sparrows. Of these, the last is well named and may be heard any month in the year—"Maids! Maids! Maids! hang up your teakettle-ettle-ettle". The field sparrow sings, "Here, Here, Here, Sweet, Sweet, Sweet, Sweet". For rainy days the white-crown has a special whispering song. The white-throat calls, "Poor Sam Peabody, Peabody, Peabody."

The best bird-watchers shut their eyes and listen for sparrows.

Temporary Can Mean Forever in Tax Matters

By MAURICE W. SCOTT
(Executive Secretary Taxpayers' Federation of Illinois)

Since when did the word "temporary" come to mean "permanent"? That is the question 35 million Americans who are customers of the Bell Telephone system are asking each other regarding the war time emergency excise taxes on telephone bills. Additional millions, customers of other communication systems, are asking the same question. The war is over, but the excise taxes on telephone and telegraph services have acquired a suspiciously permanent look.

If these people, plus the millions of riders of "for hire" carriers, tell their Congressmen in their own words that they want the emergency excise taxes on these services repealed, there will be action. These taxes are unfair, because excise taxes in general are imposed mainly on so-called luxuries. Communications service is not a luxury but an absolute necessity in the present-day business and personal lives of all Americans.

The total tax bill paid by Illinois Bell Telephone System in 1957, including the federal excise tax, was \$137,838,151, or a monthly average of \$3.32 per telephone (95c per telephone being for federal excise taxes). The 1957 excise tax alone paid by Illinois Bell, and collected from their customers, amounted to \$39½ million.

The point to remember is that all of the taxes paid by Illinois Bell are collected directly or indirectly from telephone customers. On the average, taxes took more than 28c of every dollar that Illinois Bell collected from their customers in 1957. The excise tax as part of the 28c taken from every dollar is discriminatory and should be ended.

If Congress wants to consider a tax reduction as a means of increasing consumer spending, the elimination of excise taxes would put sizable amounts of spendable money into the pockets of all American families. Then those deeply affected by such taxes—telephone and telegraph companies, the "for hire" carriers, and last but not least, the customers—would be relieved of a serious drag on our economy.

Congress should be further encouraged to do something about these taxes now. Congressmen are listening, reading and doing something about the mail they receive from back

High Population, Fertile Soil Key to 100 Bushel Corn Yields

Fertilized corn averaged 19.5 more bushels per acre than did unfertilized corn on 276 farms.

CORN yields of 100 bushels or more per acre are within the reach of farmers who use good field practices, add sufficient fertilizer and plant enough kernels per acre.

That was the statement of Charles A. Simkins, University of Minnesota extension soils specialist, in summarizing results of the 1957 Minnesota X-Corn Yield Contest.

Simkins reports that fertilized corn averaged 19.5 more bushels per acre than did unfertilized corn on the fields of 276 farmers who participated in the contest.

Some individual increases ran much higher. Donald Eickhoff and his son Emil, of Fountain, Minn., boosted yields by 132.5 bushel per acre in a fertilized plot, compared to an unfertilized area. Clinton Moline, of Isanti, Minn., increased his corn yields 95 bushels per acre through the use of fertilizer.

Top corn yield in the contest

was 165.9 bushels per acre, grown by Donald Hassing, of Easton, Minn. Second place was won by William Zimmerman of Paynesville with 165.3 bushels.

Simkins says farmers who use proper field practices can profitably invest up to \$20 in fertilizer for corn, if their present yields are below 80 bushels per acre.

"Results of this contest show that it is important to plant enough corn kernels per acre, in addition to using fertilizer," says a statement made public by the Middle West Soil Improvement Committee.

"Farmers who planted less than 12,000 plants averaged only 64.6 bushels per acre and boosted yields by only 6 bushels when they used fertilizer."

"Farmers who had 16,000 to 18,000 plants per acre, averaged 120 bushels per acre on fertilized fields, or an increase of 26 bushels compared with unfertilized plots."

home. Let them have your views. Your 3c investment in a postage stamp may pay off worth-while dividends.

A study made in 1954 by the committee for economic development, which is composed of 150 leading businessmen and educators, came to the conclusion that it is in the national interest of the United States to reduce our tariffs and other barriers to foreign trade on a gradual and selective basis. A committee spokesman says that this need is even more compelling now than it was then, a major reason being the Soviet economic offensive.

Cards of Thanks

I wish to extend my sincere gratitude to those who sent cards and greetings to me during my recent stay in Hazelcrest hospital, especially to Mrs. Raymond Jensen and Mrs. Herbert Keuch who cared for my son; to the inhalator squad for their prompt and efficient service and to the Rev. Richard Kirkland for his visits and inspiring words of comfort.
MRS. ROBERT GERRICH,
Tinley Park

—o—
I wish to express my sincere thanks to all who offered prayers for my recovery during my recent illness. Also to Rev. Carl Hoeh for his visits and spiritual guidance. And for the cheery cards, and acts of kindness shown by relatives, blood donors, friends and neighbors.
HARRY M. UTHE,
Tinley Park.

OPEN SUNDAYS & EVENINGS

Dr. Demus Plans Medical Center

Dr. P. T. Demus, of Mokena, plans to erect a building at Wolf road and 194th st., to house a medical center. He appeared before the village board this week to discuss his plans and get a building permit. No action was taken by the board pending a discussion with the doctor relative to provisions for off-street parking.

The building would be of one-story, brick construction and provide space for several offices. Dr. Demus said it was probable that some of the space would be taken by an eye man.

Dr. Olga Mociuk, a pediatrician, who now resides in Joliet, will be associated with Dr. Demus.

The site is 100 by 115 feet and Dr. Demus said yesterday he was certain there would be ample parking facilities. He does not have the working drawings yet but hopes that he can let a contract and have the work under way the latter part of the month.

A building permit was issued to the Lindblad Construction Co. of Joliet for the addition to St. John's church, the fee being \$103.02. Permits for remodeling at their homes were issued to John Scarth and Norval Robinson. A permit for a new home was issued to Steward Shoop.

Mokena Firemen Clear \$1500 on Annual Dance

The dance given by the Mokena Volunteer fire department last Saturday night in the VFW hall on Wolf road was a success, the committee reported. The department will clear more than \$1,500 and those who attended enjoyed themselves.

Besides the dancers there were 96 persons playing pinochle with almost an equal number as kibbitzers.

Top scorer in the pinochle was Marie Ahrens with 7,080 points in seven games. Other prize winners in pinochle were: Albert Strassenburg, Cora Bettenhausen, Charles E. Hon, Sarah Spiess, Ira Jungles, Alma Laufer, Clarence Immekus, Arthur F. Maue, Russell Stanek, George Abbe and Clarence Laufer, the last two named for having the lowest scores.

The cash awards were distributed as follows: Wayne Cundiff, \$25; Floyd Brooks, \$15; Lloyd Spiess, \$10 and Fred Wannenmacher, \$5.

Total expense of the affair was listed at \$250.43, and as of reported were \$1806.60, leaving \$1556.17 for the department. It is quite probable, it was said, that the final figure on profits will be larger as not all of the returns on tickets are in. The committee asks all who have not turned in money for tickets to do so immediately so the report can be completed. This ticket money may be turned in to Eric Book, treasurer, or at the Geisler drug store.

Money realized from the dance will be used by the department to purchase supplies and equipment and for maintenance. The department does not receive any tax money.

George F. Kennan, considered by many to be the foremost American authority on Soviet affairs, writes: "Krushchev has now offended and estranged from the central political process, one by one, the intelligentsia, the industrial managers and a portion of the officers corps of the armed services. He has now achieved the pinnacle of power which he apparently wanted, but I suspect that he is rather isolated up there, and that winds around him are becoming increasingly chilly."

Hope to Commence Sewer Next Week

Commencement of work on the Mokena sewer system and sewage disposal plant was expected to have gotten under way last month but because of some minor technicalities involved in the sale of the bonds and the improvement it has not been started. However, if these matters are straightened out this week, work can be started Monday, weather permitting, it was stated.

Mokena Lions Promote Picnic For Community

The Mokena Lions club is sponsoring a community picnic to be held sometime in August. It has been suggested that the affair be held on a Sunday, possibly Aug. 17 or 24, in Community Park.

Various organizations, including the Boy Scouts, Girl Scouts, Royal Neighbors, Sacred Heart League of St. Mary's parish, the Mokena Book club, St. John's Youth group, Mokena Teens, Woman's Guild of St. John church, William Martin post, VFW and its auxiliary, the PTA, Sunday Evening club of St. John's, park board, village board, the Women's Society of Christian Service, Friendly circle, the volunteer fire department and of course the Lions club has been discussing plans.

There will be several other meetings before plans are completed and it is expected that the Amvets and other organizations not already listed will join the program.

It has been suggested that the festivities start with a parade and that booths be set up to dispense food, beverages, and house games of skills but gambling would be prohibited.

A share of the profits of any of the concessions would be retained by the group operating it and the remainder turned over to the park fund.

In brief the proposed picnic would serve the purpose of the homecoming formerly held, except that it would be confined to but one day and none of the proceeds would be taken out of town.

Fred Lehmann, president of the Lions who is one of the promoters of the proposed picnic said that the Lions have appropriated \$100 to be used for free ice cream and pop to be served to youngsters who attend, and also provide prizes to be awarded winners of races, games and other events.

The next meeting is scheduled for the evening of May 14, at the Carpenter street school at 7:30 o'clock.

Continues School Condemnation Suit

(CNS)—Hearings in a condemnation suit filed by School District 117 in Palos township to acquire a five acre tract have been continued for the fifth time in order to carry on out of court negotiations.

Superior Judge Donald S. McKinley continued hearings to June 5.

The school district and the administrator of the Rose Lucas estate—owner of the property—are very close to a settlement, according to Franklin Chino, law partner of Attorney Peter G. Schultz, representing the school district.

The tract is near 103rd street and 88th avenue in Palos township.

Temperatures in the region of 100 million degrees Centigrade have been produced by British scientists in the search for a method of harnessing the hydrogen fusion reaction, the means by which the sun produces its energy.

Country Fair To Open Saturday At Palos Park

Prize pies and tractor rides to help rout leukemia... performing poodles and blue-ribbon blooms to help grow roses in children's cheeks... antiques and antics to help care for the aged... it's time, once more, for the Palos Park Service League's fun-for-charity Country Fair. By now a village tradition, the big bi-annual Country Fair will be staged this year on Saturday May 10 from 10 to 4, in the Palos Park village hall, \$900 West McCarthy Road... and is described by its promoters as bigger than ever before!

A hundred-and-one events will vie for the attention of big and small, provide fascination for all! Racks in The Oven will be crammed with pies and cakes and home-made delicacies created by some of the best cooks in the county. The Attic will burst with rummage gleaned from some of the biggest garrets in the township, and with rare antiques garnered throughout the country. The shelves of the Stichting Post are already bulging with aprons and scarves and baby clothes lovingly stitched by hand. A Fun House will thrill and chill and delight the children... and there will be cartoons and contests (like shooting out the candle with a water pistol) for the amusement of youngsters up to eighty... and for the benefit of Bobs Roberts hospital, the Community Center Foundation of Palos Park, Oak Forest, and other worthy institutions.

Chief among the Country Fair's planners is Mrs. Frank M. Hlavek, president of the Palos Park Service League. Assisting her will be Mrs. William E. Cairnes, treasurer, in charge of Finances. Mrs. Lloyd Blakeman will handle raffle and door prizes; Mrs. E. A. Galapeaux and Mrs. Herman Wilz will preside over The Oven; Mrs. H. D. Bowyer and Mrs. Robert A. Black will fill The Attic with rummage; Mrs. Matt Sweet and Mrs. Arthur Herzog will bring award-winning annuals and perennials to the Flower Box; Mrs. Robert A. Serson will take responsibility for The Stichting Post; Mrs. Francis Kamis and Mrs. Arnold Erion will be hostesses for luncheon and refreshments at The Feed Bag; Mrs. Carl Marzano will take charge of Antiques and The Potters' Wheel; Mrs. Walker Findley, Mrs. Jerry Pech, Mrs. Clarence Heim, Mrs. Russell LaMantia, Mrs. Frank Shoemaker and Mrs. Joseph Kaptur will share responsibility for the Children's Events—the Fun House, the games and contests, the tractor trips and movie cartoons, the penny candy and fishing pond that will amuse the youngsters. Assisting the League, whose membership is limited to 20, and essential to the success of the fair, will be members of Cola-Cabana (the local teenage group), Girl Scouts, Boy Scouts, and a host of the League's friends throughout the southwest suburbs.

Andrew Jackson lived with his wife for two years when they found that her divorce from her first husband was not valid.

Will Crack Down on Water Bill Delinquents

Mokena residents who skip two water bills will find themselves in receipt of notice by registered mail that their water will be shut off unless payment is made immediately. This course of action was decided upon by the village council at its meeting Tuesday night.

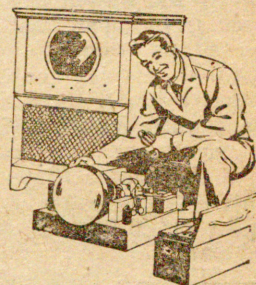

Water bills are sent out every two months. With the water rates up the board felt that persons delinquent more than four months might be inclined to let it slide unless some action was taken.

Police have also been instructed to check on motorists who have failed to buy village tags. Persons who purchased tags in January and February paid \$3. Delivered by police the tags will cost \$5, and if payment is not made then such delinquents will be served with a court summons and so in addition to paying \$5 for the license will have a fine and court costs added.

Millions for Intrest on Foreign Aid Rouses Ire of Cong. Mason

By CONG. N. M. MASON

Some foreign aid facts—(from Manion Forum Network):

"Congress has raised the legal debt limit to 280 billion dollars so that our government will be able to borrow three billion nine hundred million dollars more, which we will then give away to foreign governments, some of which are the sworn enemies of the United States.

"The interest on this new Federal foreign aid debt will cost the American taxpayers more than 100 million dollars every year from now on into the indefinite future.

"We are presently being taxed nearly two billion dollars every year just to pay the interest on the one-fourth of our gigantic federal debt that represents the 68 billion dollars we have given to foreign governments since the end of World War II.

"Congress has already provided much more money for foreign aid than the bureaucrats have managed to give away. The result is that an undetermined amount of money, variously estimated at from five to ten billion dollars, is now clogged in the foreign pipe-lines awaiting suitable opportunities for dispensation. This accumulation is called the sum of 'unexpended balances' from previous Congressional appropriations. If and when it is made by Congress, the new foreign aid appropriation will be added to these balances.

"The undisputed fact—that from five to ten billion dollars are now available for foreign aid purposes—completely destroys Eric Johnston's claim that an additional four billion dollars are desperately needed NOW. With the exception of the redoubtable Senator Byrd and a few other unreconstructed patriots in Congress, nobody in Washington publicly acknowledges the existence of these 'unexpended balances'."

Debt Echoes of World War I

The following table shows some of the larger debts still owing the United States that probably will never be paid:

	Billions
Great Britain	\$8.2
France	5.7
Italy	2.1
Belgium	.6
Russia	.56
Poland	.4

Does a good banker loan more money to a borrower in default? Yet that is what Uncle Sam did during World War II in each of these six instances—and he is continuing to do so.

We must relieve the consumer, the investor, and the businessman of the burdensome taxes which keep them in bondage. A dollar released to the consumer to buy more, a dollar to the investor with which to invest more, and a dollar to industry to produce more, are worth many, many times more in the channels of our free economy than dollars in the hands of Government.

For Doubtful Allies

We have furnished Yugoslavia with the latest military equipment for eight army divisions and provided its air force with 80 per cent of its fighting planes. Yet according to reliable information Tito has made an agreement with Moscow that when and if the Soviet Union tackles the NATO forces of Europe, the Yugoslav army will move in and occupy northern Italy. If that happens our arms and warplanes would be used against us and against our European allies.

On the other hand South Korea, one of our loyal allies, was promised by President Eisenhower modern war equip-

NEW LENOX, MOKENA—

(Continued from page 1)
dents of each Illinois senatorial district and two for residents of each Illinois representative district. A total of 234 awards were made in this way. The remainder were made to residents of the state at large on the basis of superior ability.

Monetary awards have been made to 1,510 students with average stipends amounting to \$390 for the 1958-59 winners. For those students who met all qualifications of eligibility except financial need, honorary awards have been made to 749 students to recognize their superior performance in the scholarship competition. Dr. Smith, Executive Director of the ISSC stated that "according to Commission policy, an honorary scholarship can be changed to a monetary award at renewal time if the financial condition of the family warrants." Because of the importance of the financial needs test, services of the College Scholarship Service of Princeton, New Jersey were used during this first award year.

This nationally recognized organization is the only one of its kind and is serving in excess of 150 colleges and universities this year. Besides providing assistance with financial needs analysis, College Scholarship Service plays a major role in coordinating admissions work of colleges. In addition, a jury of 15 people chosen for their experience, integrity and good judgment were used to determine the amount of stipend for each individual winner.

All winners selected in the 1958 competition must inform the commission of their acceptance of the award by Friday, May 23. Certificates will be mailed after that date to all winners who accept an Illinois State Scholarship.

Scholarships Renewable

"Each scholarship awarded today is renewable for the normal four year undergraduate program," stated Supt. Chapman, "if students meet the academic requirements of the college they choose to attend. "It is expected that most of the winners named today will receive financial aid from the Scholarship Commission during their 4 years in college," he added.

There will be a small number of awards made this summer to replace those winners whose educational plans have changed since entering the competition. Because of the large number of students seeking to enter colleges this fall, the Illinois State Scholarship Commission urges its winners to complete their college admissions promptly.

The next competitive examinations for high school seniors will be held in the winter of 1958. Following this, a like number of scholarships will be awarded early in 1959. High school bulletin boards and school papers will carry the complete story to students.

Grapevines require heavier pruning than any other Illinois fruit tree.

ons to replace their present obsolescent weapons, but as yet the 9-months old promise remains unkept, with no explanation for the delay.

Our active allies—Turkey, Iraq, Iran, Pakistan, Free China, and Korea—wonder sometimes what makes Washingtons act as she does, eager to help Yugoslavia and India, Communist sympathizing countries, yet hesitant or reluctant to help our loyal friends and allies. Does this make sense?

Social Program for Mentally Ill Aids In Patient Rehabilitation

By ANNE RODGER

(This is the first of a series of articles dealing with the social service program conducted in state hospitals for the mentally ill).

Discharge of a patient from a state mental hospital in Illinois does not mean that the state has discharged its responsibility to the patient.

Under the department of public welfare are many subsidiary units organized to aid in the complete recovery of the mentally ill, one of which is the social service program.

The more than 2,000 people who visited the first Open House at the Tinley Park State hospital during a 3-hour period on Sunday afternoon, April 27, expressed amazement at the facilities and modern surroundings.

A tour of the modern hospital plainly reveals patients receive the best of physical care. Therapy programs under qualified personnel also aid in their recovery.

John L. Cutler, M. D. superintendent of the Tinley hospital, in expressing his gratitude for the interest the public has taken in the institution, states: "Our goal is the optimum rehabilitation of each patient in the shortest possible time."

Many of the patients, he advises, could function outside of the institution if they had the required supervision and care.

This series of articles will explain the program which can effectively aid these patients in becoming useful members of society.

The social service program at the Tinley hospital is under the jurisdiction of David Baruch, chief of social services, from whom material for this and future articles has been obtained.

The purpose of the articles is to foster a better understanding of the patients and the problems of care for the mentally ill so that the general public will more readily accept them when they return to the community.

Advancements in the treatment of mental illness have served to increase the proportion of patients who are discharged from the hospitals as recovered. The boarding-out plan (family care), inaugurated in 1941, has contributed materially to help the patients re-enter community life.

A patient is given a conditional discharge when improved sufficiently to warrant return to his family home under the supervision of the hospital. The patient must report periodically to one of the department's out-patient clinics.

The social service workers are in close contact with patients during their hospital stay. They become well acquainted with individual patients thru observation in close communication.

Many patients are capable of returning to the community with minimum supervision.

Under the family care program, discharged patients who cannot return to families, are placed in foster homes, with the state paying for their care.

This program, similar to foster home care for children, helps the foster family and patients.

In conditional discharges for a certain period, the state is continually active in helping with supervision and advice.

If in need of medical care, patients may return to the hospital for treatment.

The wage placement program finds jobs for discharged patients.

Many patients could be released for a short period, even as short a time as an overnight visit or a weekend. Here is where the humanitarians have an opportunity to brighten the

life of a patient without relatives or friends.

Many of the older patients, which at the Tinley Park hospital represents 60 per cent of the patient population, could be released if they had some place to go. Many are on pensions or social security and thus have money to spend on some outside social activity if some responsible person would accompany them.

An opportunity to visit outside of the hospital if only for a short time would help immeasurably to relieve the monotony of their days.

Special occasions, such as holidays, is an opportune time to extend a social invitation to these hospital inmates.

The angels of mercy—hospital volunteers, are a ray of sunshine to the patients. They form a vital link between patients and community as they provide an almost limitless variety of extra services.

Since the volunteer program was initiated in 1953, volunteers have given more than 310,000 hours in service to patients in state mental hospitals and schools.

Contrary to popular belief that the ageing process and accompanying physical deterioration is responsible for many of the physical manifestations of age such as loss of memory, irritability, and lack of concentration, according to Baruch, chief of social services at the local hospital, this actually is not so. Rather, in most cases the problems of health are closely associated with social pressures and family conflicts with resultant feelings of insecurity for the elder family members. In the case of older patients at the hospital, a hand of friendship extended by the community to include such patients in some social activity would provide a feeling of security.

Subsequent articles will explain the various state programs in which the community can render assistance.

Lets Contracts For Paving In Orland, Bremen

(CNS)—The Cook county board has awarded contracts for road paving projects in Bremen for flood relief improvements and Orland townships and also at Kedzie avenue and Midlothian creek in Bremen township.

The last mentioned is the biggest project and the Thomas M. Madden company job with the low bid of \$145,368. Work will be centered on Kedzie between 147th and 139th streets and is expected to start within two weeks.

The project consists of relocating Midlothian creek between 137th and 139th streets, filling in the old channel, and construction of a triple barrel box culvert, 11 by 8.5 feet, at 137th and 139th streets. Sections of roadways on Kedzie, 137th and 139th also will be reconstructed.

Other projects involve bituminous surface treatment of roads. Work on these expected to start by June 1. Township funds cover the cost.

Low bids for the Orland township job was filed by S. G. Hayes & Co., in the amount of \$14,791.

Skokie Valley Asphalt Co. filed the low bid of \$15,538 for identical work in Bremen township.

Streets due for bituminous surface treatment:

Orland township: Elm street from 13th to 138th streets, 2,630 feet. 80th avenue from 135th street to Laguna lane, 2,000 feet. Redondo lane, a half-circle street, from Laguna lane to Laguna lane, 1,650 feet.

Laguna lane from 80th ave. to Redondo lane, 1,232 feet.

Bremen township: Laramie avenue from 155th to 151st sts. Lockwood avenue from 174th to 167th sts. Highland avenue from 175th to 181st sts.

Drafts and notes differ in that the former is a written order to pay; the latter a written promise to pay.

Group Will Meet In Wesley Hall May 14 to Make Cancer Dressings

By LILLIAN KNOX
Phone Fieldbrook 9-0211

The Cancer dressing group will meet in Wesley hall May 14 at 10 a.m. Bring a sandwich, the hostess committee will serve coffee and dessert. Mrs. Henry Pihl of the Orland Park Woman's club is chairman for this project and invites anyone in the community to attend these meetings to help this worthy cause. Men's white shirts are needed for bed jackets, also sheets or pillow cases for the various size dressings. Contact Mrs. Pihl if you have any of the above mentioned items.

Susan Schrank, daughter of Mr. and Mrs. Ferdinand Schrank, celebrated her 9th birthday with a party for her school mates, April 26.

Miss Iona Enders celebrated her birthday by entertaining her sisters and aunts at a Sunday dinner at Theodore's 159th and Wolf road. Guests were Mrs. Lilah Bertelsen, Brookfield; Mrs. Bernice Lauer, Berwyn; Mrs. Phyllis Schrank, Orland Park; Mrs. Hattie Huelett and daughter, Mrs. Joyce Vik, of Midlothian and Miss Rose Enders, Orland Park.

Attends Convention

Mrs. Karl Ekberg, president of Orland Park Woman's club attended the Illinois Federation of Women's clubs convention in Hotel Sherman, May 6, 7 and 8.

At the Third District IFWC annual meeting held recently at Ridge Park fieldhouse, the Orland Park Woman's club press book, compiled by Mrs. Lillian Knox, received a merit award in Class F.

The Adult Bible Class of the Orland Park Methodist church will meet in the home of Mr. and Mrs. Thomas Cooper, Wednesday, May 14 at 8 p.m.

The regular meeting of Orland Park unit 526, the American Legion Auxiliary will be held in the home of Sarah Myrick, Friday, May 9 at 8 p.m. Christina Horn and Florence Sayers will be hostesses for the social period.

St. Michael's Altar and Rosary society will meet Tuesday, May 13 at 8 p.m. in the school auditorium. Officers will be elected.

The "Barbersharp", members of the Southwest Suburban chapter, a society for the Preservation and Encouragement of Barbershop Quartet singing in America, will be our entertainment for the night. Howard Cross, tenor; Walt Rathbun, lead; Jim Baird, baritone; and Bud Bearby, bass, constitute the "Barbersharp". Refreshments will be served by the Mesdames Rosario Consentino, Herbert Lucas, Ambrose Morgenthaler and Joseph Schilling.

The Orland Park Junior Woman's club will hold its spring dinner Wednesday, May 14 at Beverly Woods restaurant. The new officers for the coming year will be installed. Mrs. William

Wilson is chairman of the event.

Those who have not as yet made their reservation for the annual Spring luncheon Wednesday, May 21 at Mickelberrys in Park Forest, may do so by calling Mrs. Knox.

The Ladies Aid of Christ Lutheran church held their regular meeting in the church school last Thursday evening.

Mr. and Mrs. Robert Horn and brother Henry Horn of Charles City, Iowa, attended the funeral of their cousin, Arthur Dreischerf in Hammond, Ind., May 3.

The Good Fellowship club of Great Lakes Carbon Co., South Chicago, held their monthly social meeting at the home of Robert Horn recently. Mr. Horn was elated over the turn out as more members attended this meeting than at any previous meetings since 1948 when the club was organized. Election of officers was held.

Methodist Church

Dr. G. W. Gathin, district superintendent of the Methodist church will hold the fourth quarterly conference at the Methodist church Tuesday, May 13 at 8 p.m. The pastor and church officers will present their annual reports. Officers for the next year will be elected. The annual meeting of the Rock River conference of the WSCS will be held Friday, May 16 in Aurora.

Reservations for luncheon should be made before May 10 with either Mrs. Stewart Loebe or Mrs. Harry Anderson. Tentative plans for the daily vacation bible school this year are from July 7 to July 18.

The Methodist Men's club meet Tuesday, May 20 at 8 p.m.

The Mary Circle meet Tuesday May 27 at 8 p.m.

The Esther Circle meet Thursday, May 29 at 11 a.m.

The following youths in the confirmation class were received into the Methodist church recently: Mark Peter Bader, Harry Robt. Burson, Linda Ann Buck, Jean G. Flondor, Joan G. Flondor, Bonnie S. Edwards, John L. Higgins, Pamela J. Hodges, Nancy R. Loebe, Daniel A. Libner, Theo Ann Ludes, Dorothy Molitor, Thomas K. Scheber and Joyce A. Zinn.

Howard Yunker, Jr., of Maywood, was an overnight guest Thursday of his uncle and aunt, Mr. and Mrs. Ben Yunker. Friday morning they motored to Springfield where Howard attended a J. C. convention.

At the PTA district 19 High school council which met in the Bloom township high school in Chicago Heights, Monday, May 5, the following officers were installed: President, Mrs. Russell Foss, Palos Park; Carl Sandburg high school; vice president Mrs. John Denson, Harvey, Thornton high; secretary; Mrs. Paul Ewing, Homewood, Bloom high; treasurer, Mrs. Donald Maue, Orland Park, Carl Sandburg high. Mrs. F. J. Millward,

Oak Lawn, district 19 director was the installing officer.

Refreshments were served by members of the executive group of Bloom High school PTA.

Honorary Paratrooper

Gino Federici, son of Mr. and Mrs. Anthony Federici, 167 and 94th ave., is one of 39 cadets at Kemper Military school, Boonville, Mo., awarded certificates for honorary membership in the famous 82nd Airborne Division, as a result of completing one or more jumps from a 34 foot tower at Fort Bragg, N. C.

The Kemper cadets made the jumps while conducted on a three day tour of the facilities of Fort Bragg, with Maj. T. S. Timberlake and M/Sgt. B. B. Moss, of the Kemper military department, accompanying the group to Fort Bragg. Maj. Gen. J. P. Cleland, president of Kemper and a former commander of Fort Bragg, arranged the tour.

We're moving to our new Joliet Headquarters this weekend

Penny Flame is extremely proud of the new South Division Headquarters on Route 30 at Gougar Road, just east of Joliet, and justly so.

The attractive one-story office building is literally "glassed in" on two sides and throughout the modern interior there is "everything it takes", including gas air conditioning, for the finest of working conditions. These new quarters replace the congested and outmoded facilities at the foot of Ingalls Avenue, east of Broadway, which have been a landmark of gas operations for many years. They bring our activities closer to the center of the area served . . . another important advantage that makes for better service now and in the years ahead.

The new Headquarters is one of many important projects in our continuing program for maintaining prompt, courteous, dependable service in the expanding Joliet area and throughout northern Illinois.

For Your Convenience

We're retaining our District Office and Salesroom in downtown Joliet, 63 North Chicago Street. You will continue to pay gas bills here and transact any other business you may have with the Company. And remember, there will be no change in our phone numbers.

Congress Is Stealing Half of Your Hard Earned Money, Says Mason

By CONG. N. M. MASON
Senator Byrd says, "The way of a budget-cutter is hard, often lonely and seldom popular." He testifies that after 25 years of advocating economy in government he has found the road a lonely one. However, Senator Byrd insists we need a "vigilant minority" in order to slow down extravagant government spending, even if the vigilant "minority" can neither stop extravagant spending nor prevent the centralization of power in the Federal government.

To preserve individual rights and freedom; to preserve States Rights guaranteed under our Constitution; to provide for constructive tax and debt reduction, are the objectives of the "lonely vigilant minority" in Congress, objectives not popular with either New Dealers or Modern Republicans, but worthwhile objectives nevertheless. It is a task well worth doing, even if the road is hard, lonely, and unpopular.

The writer is both proud and pleased to travel that lonely road with Senator Byrd.

Stealing Your Savings

John Doe bought a \$100 "E" Bond ten years ago and paid \$75.00 for it. Today he gets face value \$100.00 so John Doe thinks his investment has earned \$25 in interest. However, the \$100.00 cash that he receive today is worth in purchasing power only \$48.00, so John Doe has actually lost \$27.00 instead of gaining \$25.00.

Congressional spending, deficit spending, has cut the value of the dollar in half, so every dollar you have put into your savings account, into your bond account, into your insurance policy, has been cut in half by the action of the Congress. Actually it means that the Congress—your Congress—the Congress that is supposed to look after your best interests, has by its actions actually stolen one-half of the hard-earned dollars you have put into your savings account to prepare for a "rainy day".

And Congress today is spending more billions—billions that should not be spent—thereby continuing the process of stealing your hard-earned savings.

Act Now - Not Later

Arthur Burns, professor of economics at Columbia university, and former economic advisor to President Truman, says the present recession is already in its eighth month; it is becoming worldwide; Canada, England, Holland, Belgium, and Japan are all feeling its effects; and that if something isn't done within the next few weeks the present recession will turn into a depression that will require drastic and expensive action to overcome.

Professor Burns is one of the best-known authorities in the nation in the field of economics. He is against the heavy deficit spending the Eisenhower administration now advocates, and states that a tax cut now would do more to stop the downturn in our economy and start an upturn than any other one thing.

Professor Burns claims that if the government takes action to cut taxes now it should reverse the economic trend, but if the government delays action more than a few weeks we will be taking the risk of having to resort later to drastic medicine.

The writer is in full agreement with Professor Burns.

Something to Explain

American consumers are now sitting with over \$300 billions in the following categories: approximately \$26 billion in currency; \$55 billion in checking accounts; \$88 billion in savings accounts; \$48 billion in U. S. Savings Bonds; \$20 billion in other U.S. Govern-

ment securities; \$22 billion in State and local securities; and \$40 billion in savings and loan associations. Against this, they owe approximately \$137 billion in mortgages and consumer debts.

Why then are they not spending? Have they been frightened

by an imaginary depression to the extent they think they must hold on to their savings for the rainy day that they have been led to believe is just around the corner?

Truck Operators Must Carry Vehicle Registration Cards

Secretary of State Charles F. Carpentier today reminded Illinois truck owners and operators that the Illinois Motor Vehicle Law requires the license registration card to be carried in the vehicle or on the

person of the driver of the vehicle at all times.

Photostatic or other types of reproductions of the card are not acceptable, Mr. Carpentier said. The original card must be carried, he added.

Automobile investigators of the secretary of state's office and the State Police have been instructed to arrest any truck operators failing to meet this requirement of the law, Secretary Carpentier said.

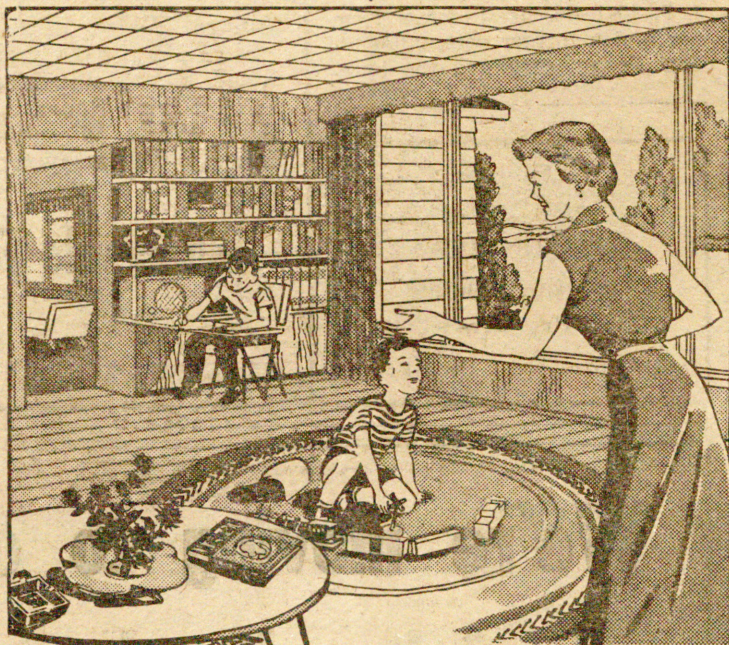

That section of the law applies only to trucks. Passenger car owners and drivers are not required to carry their registra-

tion cards with them, Mr. Carpentier said.

Medical authorities do not advise the application of beef-steak to a black eye.

School Board Studies Hiring of Teachers For Fall Semester

By ELIZABETH ANDERSON
Phone Lockport 886W

The board of 33-C discussed the hiring of teachers at their meeting last Monday evening. Mrs. DePra has resigned her position to take effect with the beginning of the fall term. Mrs. Harvey Ingersoll who has been substituting, will take a full time job in the fall. It will probably be necessary to open an extra room in September to accommodate the many newcomers.

The three older grades will attend Play Day at Pilcher Park, May 8 and the five younger grades will have an outing at Brookfield Zoo.

Homer young people who attained the Honor and High honor roll at Lockport high during the six week period just completed were, Ruth Benck, Susanne Burcham, Bonnie Cagwin, Iris Filipowicz, Shirley Smith, Betty Anderson, Sandra Cagwin, George Hallis, Ralph Larsen, Alma Lauffer, Wayne Parker, George Anderson.

Mrs. William Hank of Port-

land, Oregon was an over night guest in the Leroy Volrath home, 159th st. during the past weekend, and also called on other relatives and friends here. She is an aunt of Mr. Vollrath.

The Homer Woman's club will meet in the home of Mrs. John W. Reiter, Bruce Rd., Wednesday pm., May 14. Mrs. Tess Markewicz is the assisting hostess. The president, Mrs. Caroline Ott, will arrange the program.

Representing Homer church at the United Church Women's luncheon in Fairmont Friday noon, were Mrs. John Hollister, Mrs. Roy Parker, Mrs. Roy Hanson, Mrs. John White, Mrs. Earl Burnworth, Mrs. F. J. Paddock, Mrs. C. G. Rowley, Mrs. Robert Shepherd, Mrs. Reed Burch, Mrs. L. E. Storm, Miss Myra Reed and Mrs. H. M. Finley. Mrs. Hanson assisted Mrs. White in preparing the program.

Mrs. Ethel Milligan of La-Grange spent the past week with Mrs. Harry Reed who has been ill, but is somewhat improved.

A work day will be held today, May 8, by the Missionary society at Homer church.

Mr. and Mrs. Elwyn Reed who are on vacation from their school duties in Chicago, spent several days with her brother, Mr. Johnson, who is confined in a Chicago hospital, following a serious auto accident.

Johnnie Hollister has returned home from Silver Cross hospital, but will be confined to his bed for some time.

May 1, 1931—Empire State Building, world's tallest—102 floors, 1250 feet—dedicated in New York City.

May 12, 1937—George VI crowned King in London, after his brother, Edward VIII, had abdicated.

May 20, 1927—Charles A. ("Lone Eagle") Lindbergh took off on first solo nonstop flight across Atlantic. He made it in 33½ hours.

May 28, 1934—Dionne quintuplets born in farmhouse in Ontario, Canada.

Mr. and Mrs. Edwin Remaly and Mr. and Mrs. Lou Schweppe were weekend guests of the Rev. and Mrs. Roy Hanson. Both men are fellow students of Mr. Hanson at Chicago Theological seminary.

Mr. and Mrs. Wilbur Dyer and Mr. and Mrs. Bruce Dyer of Joliet were Friday evening dinner guests of the Ray Carlsons.

Royal Neighbors

The Good Luck Camp of Royal Neighbors will meet in the Homer church Thursday, May 15 with the Mesdames Ann Daley, Hazel Mohr, Marion Ballew and Iva Jungles as hostesses.

The Share the Fun

The Country Charms 4H club presented a skit entitled "House guest" at the county Share the Fun contest at Laraway school, Joliet, Friday evening. Participating in the skit were Susanne Burcham, Bonnie Mlynarik, Mary Snyder, Becky White, Judy Simmermon and Edna Mae Burcham directing.

Immediately after their part in the program, Edna Mae and Bonnie left for Pilgrim Park near Princeton to attend a Pilgrim Fellowship rally. They returned Saturday afternoon. They were accompanied to the Camp by the Rev. Hanson and George Burcham, Jr.

We have just learned of the birth of a son, Bret Michael, born to Mr. and Mrs. Robert Bielby, Jr. in St. Joseph's hos-

pital Easter day. The Bielby's are comparatively newcomers to Homer, living on North Gougar road.

Dies Following Visit to Friend At Hospital

Carl Steury, 43 years old, late of 4140 W. 183rd st., Country Club Hills, a locomotive engineer for the Illinois Central railroad, died suddenly last Thursday morning, May 1, of a heart attack.

He and a neighbor had gone to St. Francis hospital, Blue Island, the previous evening to visit a friend. As they were ready to leave the hospital Mr. Steury complained of feeling ill. He was taken to the emergency room at the hospital and a doctor summoned. All symptoms pointed to a heart attack and he was put to bed at the hospital. He died there early last Thursday morning.

Removal was to the Kerr funeral home at Harvey where Masonic services were conducted at 8 o'clock Saturday night. Mr. Steury was a member of Lodge No. 1139, AF & AM, and of Local 47, Brotherhood of Locomotive Engineers and Firemen.

He was a native of Olney, Ill. and funeral services were held there Monday afternoon with interment in Haven Hill cemetery. Besides his wife, Wanda, Mr. Steury is survived by a daughter, Cynthia Ann, of Country Club Hills, his mother, Mrs. Lena Steury, of Olney, and two sisters, Mrs. Francis Callaway, also of Olney, and Mrs. Mary Tamblyn, Chicago.

Southlands

Club Members Fete Brumleves; to Move West

By MRS. RUTH UITTO
Phone KEllogg 2-3038

Mr. and Mrs. Ray Brumleve of Odell ave. were recently honored at a farewell party held by the pinochle club. Mr. Brumleve expects to leave for Ogden, Utah in a few weeks where they will make their new home. Mrs. Brumleve, Jimmy, Larry and Debbie, expect to join him as soon as the school term is completed.

The Brumleves have been very active in community. Ray held a position on the school board for three years; and was vice-president of the Southlands Property Owners association.

June was a founder and past president of the Kirby school Mothers' club and a member of the League of Women Voters.

On the sick list this week have been Mrs. Deen Taylor, of Olcott ave. and her daughter Judy who has tonsillitis. Her twin brother Don has measles.

On Tuesday, Howard R. Jones of Oriole ave. underwent surgery of the knee at Hindsale Sanitarium, as the result of an industrial accident. Mrs. Jones reports he is feeling better.

The writer spent several days at Negaunee and Paynesville, Mich., attending the 50th wedding anniversary of grandparents. Mrs. Oliver Carpenter of Chicago and Steven and Cynthia Uitto also enjoyed the visit.

How do most drivers behave in regard to passing on curves? Not so well, according to a 1957 survey by the Institute for Safer Living. Only 60 out of every 100 stated that they never passed under any conditions. 40 out of 100 advised that if traffic were light, they would and did pass on curves. About the same figures hold true among drivers quizzed about passing on hills.

SCHOLARSHIP WINNERS—These five young men from Lincoln-Way high school were among the 2,259 Illinois scholarship winners, selected from an original field of more than 13,000. Four of these youths are from Mokena. Left to right, they are: Don Lehmann, Wendell Anderson, of New Lenox, Henry Barnett, Joost Sluis and Leonard Senglin. (Marvin Smith photo)

Trace Fatal Accidents to Odd Causes

Death on the highway takes strange shapes—a dropped cigarette, a back-seat tussle among the kids, a drippy ice cream cone.

Unrelated, you say? Not so, the National Safety Council points out. They're all potential accident causes. How?

Well, the Council says that while no official figures are available, many auto accidents are caused by just such otherwise harmless objects as cigarettes, children and ice cream cones.

"Distractions contribute to a great percentage of the nation's motor vehicle mishaps," the Council says.

Let's suppose you're cruising down the highway at 60 m.p.h. and drop your cigarette. Take only four seconds to pick it

up and you've gone the length of a football field—and then some!

Same thing with a back-seat squabble. Turn around to break it up and you may find yourself welded to the rear of another car that stopped sudden-

PUBLIC NOTICE

Notice of Proposed Change in Gas Schedule

Northern Illinois Gas Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission on April 25, 1958, Rider 10, Industrial Load Curtailment Provisions. This rider provides for the furnishing of supplementary industrial gas service to customers served under Industrial Rates 7 and 8, subject to curtailment provisions and reduced charges in the event of curtailment.

Further information with respect thereto may be obtained either directly from this Company, or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

By W. J. Crowley
Vice-President and Comptroller
May 1, 8

ADOPTION NOTICE

State of Illinois
County of Will, ss.
In the County Court of Will County

John H. Ludtke and
Delores Ludtke, husband
and wife,
(Petitioners)

vs.

Gerald Wayne Murphy,
a male minor, Margaret
Murphy and "All whom
it may concern"
(Respondents)

No. 10269

To Margaret Murphy, and "All whom it may concern":

The requisite affidavit for publication having been filed herein, notice is hereby given that on the 21st day of April, A. D. 1958, a petition was filed by John H. Ludtke and Delores Ludtke, husband and wife, in the County Court of Will County, Illinois, for the adoption of Gerald Wayne Murphy, a male minor.

Now unless you appear within thirty days from the date of the first publication of this notice and show cause against such petition, it shall be taken as confessed, and a decree of adoption entered.

Dated this 24th day of April, A. D. 1958.

Joseph H. Hartley, Clerk
Wm. P. Lowrey Jr.,
Attorney for petitioners,
34 W. Van Buren Street,
Joliet, Illinois.

How many of these electric helpers have you added since 1947?... asks LITTLE BILL

a b c d e f g h i j

You're an average family if—in the postwar years you've added six new electrical appliances. Shown here are a few typical examples.

This is why you're using far more electricity nowadays than you did just a few years ago. And why life is a lot easier. But of all the things you buy today, electricity has gone up less than almost anything else.

So, while your bill may be a little higher, electricity is actually doing nearly twice as much work for the money now as it did years ago.

See how little it costs to run each of these electric helpers.

a—Electric blanket—just 1¢ all night. Gives warmth of 3 blankets, often weighs less than 1.

b—Portable TV—2 hours for 1¢. The world's finest entertainment for pennies a day.

c—Air Conditioner—only 2½¢ an hour. This ½-ton unit cleans, cools, dehumidifies air in 2 big rooms.

d—Radio—5 hours for 1¢. Relaxing entertainment for pennies a week.

e—Sun Lamp—healthy tan in a week 1¢. Like having all the good of the sun all winter.

f—Electric Shaver, 200 shaves 1¢. Clean, close and comfortable. And it costs so little.

Other appliances shown include: (g) Hair Dryer—Does 3 hair sets for 2¢. (h) 150-watt lamp—Good reading light 3 hours for 1¢.

(i) Electric Wall Heater—Quick heat to take the chill out of the air—3¢ an hour. (j) Electric clock—the exact time, just 1¢ a week.

CHRISTIAN SCIENCE CHURCHES

Man's God-given dominion over fear and limitation will be set forth at Christian Science services Sunday.

Readings in the Lesson-Sermon entitled "Adam and Fallen Man" will include the following from Psalms (37:5,29): "Commit thy way unto the Lord; trust also in him; and he shall bring it to pass . . . The righteous shall inherit the land, and dwell therein for ever."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (316:20): "Christ presents the indestructible man, whom Spirit creates, constitutes, and governs. Christ illustrates that blending with God, his divine Principle, which gives man dominion over all the earth."

The Golden Text is from Galatians (6:3): "If a man think himself to be something, when he is nothing, he deceiveth himself."

Oh, the Flowers That Bloom In Trees, Tra-la!

By ROBERTS MANN
(Conservation Editor Cook County Forest Preserve)

Many people do not realize that all of our common trees have flowers. Otherwise they could not produce seeds. We are apt to think of flowering trees as being those with showy blossoms—most of them beautiful and some very fragrant—such as the redbud, dogwood, buckeye, horse chestnut, black locust, tulip tree or yellow poplar, magnolia, and the fruit trees.

However, all of our forest and shade trees have flowers—of some kind—which are just as interesting when examined with a strong reading glass. Some are grotesque, some exquisitely designed, some extremely colorful. They offer a new world to be explored and photographed.

Some kinds, such as the elms, bloom profusely but the flow-

ers are so small and delicately tinted that they are seldom noticed. Others, such as the poplars, oaks and walnuts, have peculiar flowers in the form of catkins that, without petals or sepals, do not look like flowers at all. The sycamore's tiny flowers are packed, in countless numbers, into a tight round ball that dangles back and forth on a long flexible stem. The type of flower, where it appears and when it blooms, varies greatly and depends upon the kind of tree.

Certain species, such as the elms, have "perfect" flowers, each with stamens that shed pollen and also a pistil that receives it to fertilize an egg which will develop into a seed. On others, such as the walnuts, there are male flowers (with stamens) and female flowers (with a pistil) borne separately on the same tree. On several—notably willows, cottonwood and other poplars, boxelder, mulberry, Osage orange and sassafras, the male and female flowers are borne on separate trees. Of course, only the females produce seed. There are also species which have both male and female flowers on both. Some of these various kinds of flowers have petals and sepals; some lack one or both of them. All of this may be confusing at first but it will enhance rather than detract from your enjoyment in the study of tree flowers.

Each kind of tree has its own time for blooming. Silver and red maples, elms, cottonwoods, early spring, long before their leaves appear. Many trees bloom while their leaves unfold or, like the oaks and hickories, shortly after. A great oak may be so covered with clusters of tassel-like catkins that its entire crown has a yellowish or reddish tone. The catalpa, linden and alanthus bloom last, in June, long after their leaves are fully developed.

Most trees are wind-pollinated and many of them seem to be in a hurry. After discharging their pollen, the flowers wither and soon disappear. Many, however, are pollinated by insects—particularly those with showy flowers—and some, like the black locust and the linden, are so fragrant and laden with nectar that they attract swarms of honeybees.

Every year, in May, when the wild crabapples and hawthorns burst into full bloom, the roadsides and the countryside around Chicago become indescribably beautiful and fragrant. Then you should visit our Little Red Schoolhouse nature center where the trails are lined with them. Lombard has a Lilac Festival and Holland, Michigan, has its Tulip time. We, in Cook county, should celebrate Crabapple Week.

Spring Song (Illinois)

Two spring-thaw days in a row, Surely means the last of snow. Northbound geese are winging low, Their call rings haunting clear.

Black crows are holding a convention, Gray poplars stand leafless attentions, Tired menus call for new invention, Soon gardens will appear!

Cherry-blossom buds are swelling, Marble-playing boys are yelling, And I hear two robins telling: "Spring is really here!"

Friends Surprise New Mother at Shower-Luncheon

MRS. ROBERT ANDERSON
Fieldbrook 9-2857

A luncheon and surprise baby shower were given in honor of newly arrived son Paul Carey Mrs. William Donohue and on Wednesday, April 30 by Mrs. Al Karre. A buffet salad luncheon was served. Guests were Mrs. William Donohue Sr., and Mrs. Robert Hunter of Chicago, Mrs. William Garvin, Mrs. Arthur Aiello, Mrs. Robert Zadesky, Mrs. Bebe Andrew and daughter, Betty, Mrs. William Snedden, Mrs. H. G. Niebrugge, Mrs. M. McBride, also Mesdames Beverly Anderson, Kay Nelson, Dot Arnold, June Brown, Ruth Hegyi, Mrs. William Murphy and Mrs. Ralph Leeland.

Saturday morning Mrs. William Donohue entertained with a Koffee-Klotch for Mrs. Henry Anderson. Home-made coffee cake and coffee were served in the recreation room where a cheery fire was burning in the hearth.

The fireman's dance to benefit the Orland Park Volunteer Fire Department will be held May 24th at Goodings Grove. The theme will be a Hard Times party. Goodings Grove is located at 143rd Street and Bell ave.

Recent guests of the Henry Andersons were Mr. and Mrs. Dick Gruber of Tinley Park who are "old friends" of Mr. and Mrs. Arthur Little. Mr. and Mrs. Richard Little, their children, Mary Jo and Arthur of Oak Forest. Small world, "Dick" Little and our neighbor "Bill" Garvin knew each other when they were children and neighbors in Chicago.

Two Girls Win In Science Fair

By MRS. EMIL WILLE
Frankfort 3161

Barbara Machtemes and Malen, students in the science class at Lincoln-Way high school, were among the entrants at the science fair held at Chicago Institute of Technology which was held April the 25th. Barbara was entered in the physics group and won first on the study of the human eye. Kathleen's subject was the human blood. They will be entered in the state contest at Champaign on May 9 and 10.

tered in the state contest at Champaign on May 9 and 10.

Mrs. James Val Chant of Chicago spent a few days visiting her parents, Mr. and Mrs. Paul Riechel.

The last PTA meeting of this school year will be held at the Ann Rutledge school in Lincoln Estates Monday, May 12, at 8 p.m.

Mrs. Frank Chmelik will speak on "Your Congress Publications."

The new officers for the com-

ing year will be installed.

Calvert Heath and Donald Ball will give a report of the PTA convention held in Springfield. The report will be accompanied by pictures which they took on the trip.

Dwight C. Nicholson and brother, Foye of Midlothian spent the weekend in Osceola, Ia., visiting their mother.

Lt. Col. and Mrs. Frank O. Grey Jr., and family spent Sunday with her brother, Mr. and

Mrs. Alvin Justin and family at Zion.

Mr. and Mrs. Walter Torrence of Chicago have purchased the Frank Grey home on River road. Col. and Mrs. Grey are moving into the Gordon Letts home on 79th ave.

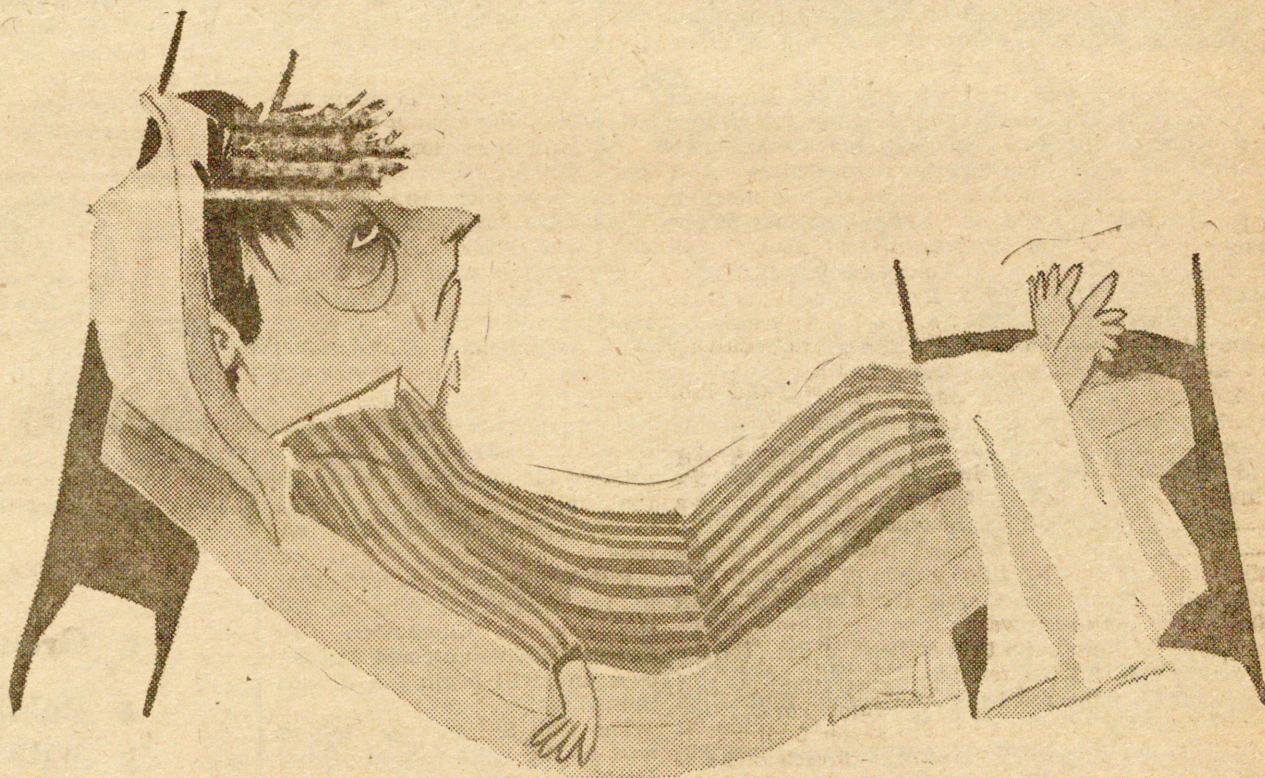

Distribution of Congressional districts is made every 10 years when the Federal Census is taken.

Europe is the second smallest continent in the world.

"Middle age is when two of everything is too much—including chins!"

You can't get a first-class sleep on a second-class mattress!

When they are wakeful some people just toss, turn and stare into space. Some desperately gobble expensive sleeping pills and tranquilizers. And some, wisely, resolve to retire their sagging, worn-out, obsolete mattresses. They realize you simply can't get a first-class sleep on a second-class mattress!

SLEEP ON A *Simmons* WONDERFUL *Beautyrest*

Be comfortable and thrifty too. Each individually pocketed coil in Beautyrest pushes up separately to support each part of your body. And, at \$79.50, Beautyrest is the least expensive mattress to own. In durability tests, competing against all leading mattresses, Beautyrest stood up 3 times longer than the next best. Come in and see this remarkable Simmons mattress and its matching box spring.

District 160 Voters Plump for New School Under State Aid Program

By MRS. CHARLES WHITE
Tel. SY 8-5520

Way for construction of a new school for the area thru state aid, was cleared last Saturday, May 3 when the voters of Dist. 160 gave overwhelming approval of the two proposals covering the program.

One proposition was to levy a tax to pay rent on a school built by the state school building commission until the structure is paid for and becomes the property of the district.

The vote on this was:

Yes 422
No 57

The other proposition was the issuance of \$16,000 of bonds—its current limit—for construction of a new school. The \$16,000 will be applied on the rental figure and so reduce the annual amount paid in.

The vote on this was:

Yes 436
No 45

It has been estimated that the proposed building will cost approximately \$100,000. The rental will be six per cent per annum so that in approximately 16 2/3 years the building will be paid for and become the property of Dist. 160. There will be no interest charge.

All who contributed time and effort to the success of the program were gratified at the turnout last Saturday.

The total vote cast, 486, is approximately 50 per cent of the eligible electors in the district, it was reported.

Giving adequate credit to all the persons who worked so diligently is difficult but a special word of appreciation was given the school board wives who typed and sealed the envelopes containing the large brochure; the Citizen's Committee who circulated flyers to every home in the area; the PTA who was responsible for the posters at each entrance to Country Club Hills and the flyers distributed on Saturday morning with the help of the Boy Scouts and to the various individuals who volunteered their time and cars to drive voters to the polls.

Community effort can do a great deal but there still is a great deal to be done, it was pointed out. The goal has not yet been reached and in fact, is barely in sight. The new school will be a great addition to the overcrowded situation but one cannot expect it to be a cure-all, the public was reminded. There will still be some overcrowding—that is inevitable in a growing community such as ours.

But, if community co-operation can work this well towards securing a new school it can work just as well in the greater problem, that of understanding the continuing problem. It is still of vital importance that we all understand the problems facing the district and the school board, and the best way to find out is to attend the school board meetings. All meetings are public and NO official decisions are made except at these open meetings. Anyone can be informed as to the actions of the school board merely by attending the meetings.

The meetings are held the second and fourth Monday of the month at Central School, 184th and Central. However, the board has had so much business lately they have been meeting every week. A call to any of the board members can tell you if there is to be a special meeting. We elected these people to this difficult and thankless job. We can make that job a little easier by giving them the only thing we can—understanding.

Homeowner's Association

The Homeowner's Association held a special meeting last Tuesday to hear a request by Clarence Leek of the Merrion Co. to circulate a petition to call for a referendum as to whether Country Club Hills should incorporate as a city.

Mr. Leek explained the main reasons the Merrion Co. desires this and answered many questions of the Homeowners. Also invited to speak at this meeting was Dan Kelly, a former mayor of Hometown, and now a resident of Country Club Hills.

Mr. Kelly explained many of the pros and cons regarding incorporation, and also answered many questions.

The Association unanimously agreed to the circulating of the petition to call for the referendum, however, this does NOT mean that the Association endorses incorporation.

When the petition is signed by fifty residents it is sent to the County Clerk who in turn forwards it to the County Judge who then will set a date for the referendum. On this day the residents of Country Club Hills will go to the polls to decide for themselves whether to incorporate.

Public information meetings are being planned to fully present both sides of the question so each resident can be adequately informed when the time comes for a decision. The dates and times of these meetings will be announced later.

PTA

Donald Schwenk, president, is grateful to the persons who spent so much time and effort on the recent school referendum, including Charles White, who designed the flyer and posters, Pearl Shaffner and Charlene Eggers who helped in painting the posters and the Scouts who distributed the flyers, Kent Keys, David Otto, John Langmeyer, Billy Petroskey, Ronald Wei's Philip Smith, Billy Arvant, Edward Miller, Steve Forsgren, Peter Morris, Joseph Buckley and Dorian Buckley and to Roger Chavanne and John Toner who with Don drove the boys thru the area.

Mother's Club

Mrs. Robert McKinley, chairman of the Homewood Flossmoor chapter of Brain Research was guest speaker at the May 7 meeting.

Members are to turn in money and sold tickets to Rita Murray, Lillian Thomas or Ilene Heimalik as soon as possible.

Donations for the various booths are still being accepted. The Fun Fair is rapidly approaching. Remember the date, May 25 at the Cooper's Grove main school building. Many gifts will be awarded.

Fun Fair proceeds go to Cooper's Grove as gifts from the Mother's Club.

Boy Scouts

Another second class board of review was held last Friday with Charles F. Smith acting as chairman and Coleman Keys and Robert Otto sitting on the board. Five boys are new second class Scouts. Those passing with flying colors were Dorian Buckley, Peter Morris, Edward Miller, David Otto and Philip Smith.

Stuart Heidbreder has joined the troop as 2nd Assistant Scoutmaster.

Plans are going great guns for the bake sale Troop 286 is sponsoring on May 24 at Garofalo's Southgate store. Scouts will be canvassing for donations and are hoping for some special ties from the area escoffier's. If the Scouts miss you and you have a creation of which you are especially proud, please call

Mr. Arehart SY 8-8298 or Mr. Katz SY 8-9550. Of course there will be a pickup service both Friday night and Saturday morning.

Bowling

The Country Club Hills Women's Summer Bowling League will begin May 22. The women will bowl Thursdays commencing at 8 pm. at the Tinley Park Bowling Lanes. Everyone is welcome.

Call SY 8-5615 or SY 8-5593 after 7 pm. for further information.

Cub Scouts

From all reports Cub Pack 286 Pack meeting at Black Bear Lodge in Homewood was outstanding.

Den 2 presented the colors and Den 4 had the closing ceremony.

Ed Milikin of Homewood Cub Pack 226 presented the awards to the boys with the help of Webelos Den of Pack 226. Den chief was Owen Wentworth.

Bear badges were presented to John Tobbles and Joseph Timmerman, Wolf badges to David Wulf and Michael Watkins, Bobcat pins to Paul Pertoskey, Richie Petroskey and John Hennessey and the Golden Arrow award to Larry Spencer.

Carl Timmerman reported that help still is badly needed to keep the Cub movement active.

Bill Watkins announced that he no longer was able to fill the post of Cubmaster. Bob Senecal has volunteered to take over and will begin his duties immediately.

The Cub Scouts are taking part in the bake sale at Garofalo's store, one can place your donation pledge with any Cub.

United Christian Church

Only two more Sundays in which to register for Daily Vacation Bible school. Registration closes May 15 so those who would have their children attend may call Alice MacKenzie SY 9-5399 or register at Sunday School.

The choir still practices on Thursdays at 8 pm. in the Homeowner's house and seeks more

members. Last week Dean B. Baker, and Mr. and Mrs. V. Fred Wise of the American Conservatory of Music was guest director.

All Protestants in the area are invited to worship Sundays in the Homeowner's house on Thomas Lane at 11:00 a.m. Sunday School at 9:30 a.m. for school age children and at 11:00 a.m. for pre-schoolers.

Miscellaneous

Mr. and Mrs. Edward McPherson, 18221 Anthony, announce the arrival of their second son and third child. His name is Patrick Edward and he was born April 24 weighing in at 7 lbs. 1 oz. His sister, Nancy, 3 and his brother Billy, is two years old.

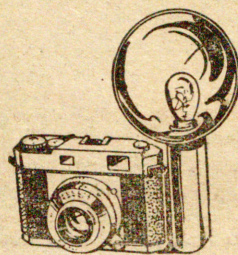

Six couples helped Mr. and Mrs. Charles Harnach, 17840 La Rochefocault once said, "au revoir."

Brogas of Homewood, celebrate their anniversaries at dinner last week.

Sack cloth and ashes for me. Passing the Second Class Review last week was Billy, not Buddy Petroskey. Remember Billy, a Scout is forgiving.

The nucleus of a couples club met last Saturday night at the home of the Theron Berdan's. The members plan to meet twice each month, once at a members home and next on an outing of some sort. Present around the player piano were the Clif Areharts, the Carl Timmermans, the Donald Schwenks and the Charles Van Horns.

Well, as that lovable old cynic La Rochefocault once said, "au revoir."

PTA News

SANDBURG UNIT

Carl Sandburg high school PTA will meet Thursday, May 15, at 8 pm., at the school (133rd and LaGrange Road, Orland Park), for their final meeting of the year, according to Mrs. Chester Williams (Orland Park), president.

The invocation will be given by the Rev. J. M. Yarbrough from Hickory Hills. After a brief business meeting, Mrs. Zay Smith, program chairman, and her co-chairman, Mrs. Charles Caul, will present William O. Fisher, superintendent of Carl Sandburg high school, who will speak on "The State of Our School." He has been superintendent since 1955 and since that time the high school enrollment has doubled and a new \$1,150,000 wing has been added to accommodate the increased enrollment. A part of this report will be given by William R. Blew, president of the school board, on "Finances and Growth." Following this members of the faculty curriculum committee, of which Supt. Fisher is chairman, will discuss their report to date.

A question and answer period will follow.

At the conclusion of the program new officers for the 1958-59 year, will be installed with Mrs. Edmund Jaracz, past president of District 19 high school council, officiating. The new staff is made up of: Mrs. Donald Maue, Orland Park, president; Robert Tobias, Palos Park, vice president; Mrs. Lionel Gibson, Palos Park, secretary; William White, Palos Heights, treasurer; and regional vice presidents: Mrs. Robert Rich, Quin; Mrs. Frank Seward, North Palos; Mrs. John Alfirevic, Palos Heights; Mrs. Charles Scheurer, Jr., Palos Park; Mrs. Charles Stewart, Orland township; and Mrs. Ray Barry, Orland Park.

The Music Department of the high school will entertain. In the four years of its existence the Sandburg music department has been very active. They give four home concerts a year, send soloists and ensembles to contest, travel to the grade schools

and furnish music for outside organizations. The concert band has attended two state music contests and participated in many invitational parades, including the Harvard Milk Day parade, in which the band has participated for the past three years. Two years ago they received the second place trophy in Class A. Last year the first place trophy and also the Bowman Dairy trophy for best band in the parade.

Refreshments will be served by Mrs. Clifford Aulwurm, Social chairman, and her co-chairman, Mrs. Stanley Mrozek, assisted by members of their committee.

A special invitation is being extended to all parents of eighth grade graduates from the twelve grade schools in the Sandburg high school district, as well as all Sandburg parents and teachers and other interested community residents.

ORLAND PARK UNIT

A movie, "Gypsy Colt" sponsored by the Orland Park PTA will be shown in the school gymnasium Friday, May 16 at 7:30 pm. There will also be a cartoon. The movie, with a short in termination during which pop will be sold, will last approximately two hours.

TINLEY PARK UNIT

The estimated vast industrial growth in the south western area of suburban Chicagoland was discussed by Walter F. Fierke, superintendent of Schools, when the Tinley Park PTA held its last regular meeting of the school year Friday night. Located on the main line of the Rock Island railroad, the only railroad to serve the Port

of Chicago, and situated south of Sag Channel, Tinley Park will be thrust into a period of growth, expansion, and change, Mr. Fierke pointed out. Thus, community and area planning must include zoning for the future, housing, business services, and changes in the educational program because of the rapidly changing world. Young people will need to think, Mr. Fierke said, which makes a continuing high standard of education of prime importance.

The assembly voted to give \$300, to be used to purchase equipment for the summer program of planned activities now being planned by the board of education. This recreational program will benefit students in grades from one to eight.

Mrs. Walter F. Fierke, president of the Southwestern Area PTA Council, installed the following officers for next year: Mrs. Kenneth Schumde, president; Mrs. Walter Barton, vice-president; Mrs. Noel Gibbons, secretary, and Mrs. Robert Lillie treasurer.

A musical interlude was provided by Mrs. Kenneth Crandall who performed on the harp.

Mrs. Elmer Knudsen, outgoing PTA president, was honored for her fine leadership during the past year, and presented with a past president's pin by Mrs. Schumde.

Winners of the Room Count banner, based on the number of parents present, were: Mrs. Henneberry, room 111 of Bert Fulton school; and Mrs. Strickland, room 108 of Central school.

The Rev. Carl Hoeh, of the Trinity Lutheran church, gave the invocation. The presentation of Colors was given by Boy

Scout Troop 255.

Refreshments following the meeting were served by first grade mothers, and the mothers of eighth grade students conducted the bake sale.

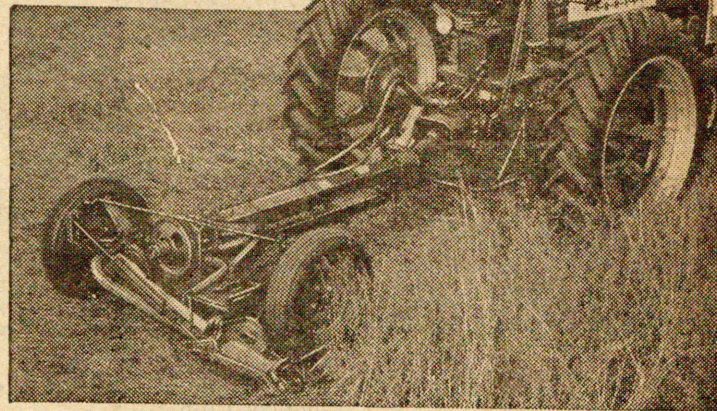

Writing in National Review, Russell Kirk, the distinguished teacher and writer, finds this central fallacy in the federal aid-to-education plan: "It isn't money that we need for the improvement of instruction in science, or anything else. For

THE NEW LENOX PRESS

already we spend far more on schools than any nation ever has before in all history—far more, per capita, than the Russians do. Our trouble is that we are not obtaining value for our expenditures." As Dr. Kirk sees it, too much money goes for non-essential frills, and not enough for real education.

Business and Finance

By MAURICE P. ANGLAND

The stock market recognized averages are now at their peak

for 1958. The general business picture itself does not show any sure signs of an upturn of a general nature at this time. The current recession in business has hit the durable goods industries hardest with the auto, radio-television, home appliance and furniture being hit especially.

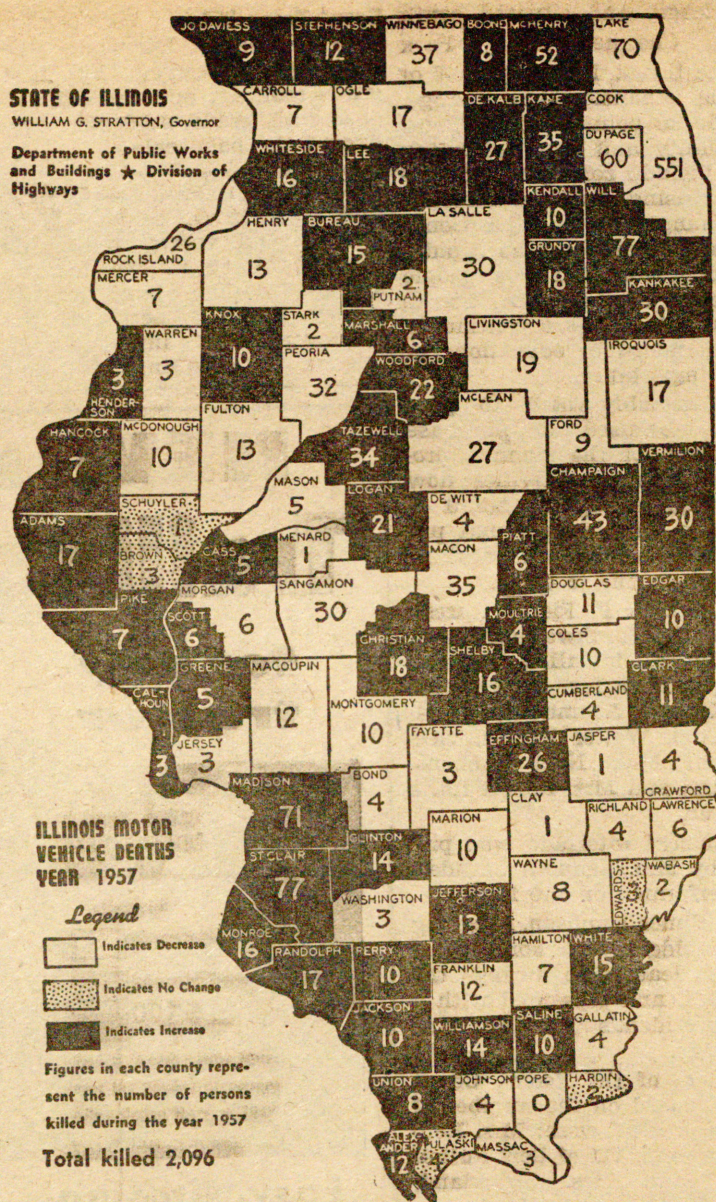

The government has been taking specific actions to ease interest rates which make borrowing easier and less expensive in interest charges. It is apparent that some of the larger investors are convinced that the purchasing power of the dollar is going down and also that interest rates are not going to a higher level for some time to come. They are, therefore, buying high grade common stocks and preferred stocks on a "yield basis" that is better than they can get in the bond market.

Interest rates are now down to the point where the yield on government bonds with maturities from 1974 to 1990, average about 3.2 per cent. Those stocks with assured earnings and dividends sufficient to give a yield higher than that on government bonds, are obviously getting considerable attention. Protection against loss in value of the dollar is a factor of importance. There are high grade preferred stocks still selling at prices to yield above 4 1/4 per cent. There are also many common stocks with earnings of an assured nature to insure dividends that will yield 4 1/2 per cent and better, and also give protection against loss in purchasing power of the dollar. It was only a short time ago that emphasis was all on "growth" stocks and much less on "income" situations. The institutional investors such as endowment funds, etc., have current expenses of a day to day nature and they must emphasize current income. They must also, however, closely guard against loss of purchasing power.

The electric utility stocks have been a favorite investment as their growth has been steadily upward in per share earnings. A large number of electric utilities have a history of paying out in dividends, in excess of 60 per cent of their net earnings per share. The natural gas utilities have not as yet attained the market acceptance for investment stability, of the electric utilities, but their standing is high.

The growth in electric utilities has been tremendous. It is not so many years ago that these electric utilities were known as "light companies" and their main market was exactly that. Their peak load was in the late afternoon and evening hours when lights were in use. Their production curves showed a sharp upturn for evening hours and equally sharp down turns when illumination was not needed. The companies ordinarily had generation equipment of about 20 per cent in excess of peak business and naturally much equipment used only for short periods which

STATE OF ILLINOIS
WILLIAM G. STRATTON, Governor
Department of Public Works
and Buildings ★ Division of
Highways

Governor William G. Stratton's traffic safety program is paying dividends — as demonstrated by a 19 per cent reduction in highway deaths in the first quarter of this year compared to 1957.

Key features of the governor's program are absolute speed limits, doubled police force, rigid drunken driving standards, mandatory re-examination for drivers license at age 70 and state aid for driver training in high schools.

The above map shows the distribution by counties of motor vehicle accident fatalities in 1957. Despite a 1.8 per cent reduction in road deaths for the full year, 48 of the counties marked up fatality increases in 1957.

State of Illinois—IDIS

increased over-all expense.

Today the utilities have a flat curve with little of the sharp up and down aspects of the past. Metropolitan areas actually show heaviest demand in air conditioning periods.

It is interesting to note that the average utility customer has more invested in his electric appliances (at retail level) than the utility has invested on a per customer basis. Commonwealth Edison has about \$800 invested per customer and most families have about \$1500 to \$2000 invested in stoves, refrigerators, radios, etc.

Texas Eastern's Earnings Up For First Quarter

Construction of an underground storage cavern for liquefied petroleum gas at Lebanon, Ohio, 30 miles north of Cincinnati, has been started by Texas Eastern Transmission Corporation, according to Millard K. Neptune, executive vice president in charge of Texas Eastern's petroleum products activities. The cavern will be located on an 89 acre tract which will be known as the Todhunter Terminal.

Liquefied petroleum gas, commonly known as "LPGas" or "bottled gas" may consist of liquid propane, butane, or mixtures of propane and butane. It is widely marketed for residential and industrial fuel uses. Similar underground storage caverns for LPGas are already in use at Crossville, Kankakee, Tuscola and Eola, Illinois; at Lima, Ohio; at Siloam, Ky.; at Marcus Hook, Pa.; at Bayway, N. J.; and many other locations in Texas, Oklahoma, Mississippi and Alabama.

Such caverns are considered to be ideal for the storage of

LPGas from the standpoint of both safety and economy. The cavern will be mined out of a stratum of gray shale lying about 350 feet beneath the surface of the Todhunter site.

When completed, the first cavern* at the Todhunter site will hold more than 12,000,000 gallons of LPGas, Mr. Neptune said. There is sufficient land at the site to permit the construction of eight other caverns of the same size.

Would Bar Use of Markets as Depots for Home Loan Firms

(CNS) The Federal Home Loan Bank Board filed suit for injunction in U.S. District court last week to restrain the First Federal Savings and Loan association, 1 South Dearborn st., from establishing nine savings depots in National Tea company stores.

Federal filed its own suit against the board seeking declaratory judgment establishing that the plan does not violate any laws concerning savings and loan associations.

According to the original board suit, First Federal was notified April 4 it was in violation of the law, but refused to cancel its plan.

According to the First Federal suit, its plan is basically the same as various "save-by-mail" programs used by other in that the grocery chain acts only as a "transmittal service" for the customer, and is not thereby an agent of the savings and loan association.

Judge Philip L. Sullivan was assigned both suits.

Eight to ten weeks is the Later the same day, First average life of the housefly.

ALPINE CLUB

The meeting of the Alpine Girls 4-H club was held the evening of April 21, at Maue school. Mrs. Stellwagen announced that demonstration and keeping fit day will be July 16 and 17, respectively. The 4-H Fair will be August 16 at 143rd street and Ridgeland in the forest preserve.

Mary Ellen Wesley gave a talk on dogs. Marie Meier gave a piano solo "The Shepherd Boy". Joan Stellwagen gave a demonstration on how to make copper pictures. Kay Maue gave a talk on fabrics. Carla Mrosek gave a demonstration on cleanliness. Janice Knieriem gave a demonstration on how to make sandwiches.

Betty Stellwagen gave a talk on how to give a demonstration and gave a demonstration on eggshell designs.

The meeting adjourned with the 4-H pledge. Refreshments were served by Carla Mrosek and Mary Ellen Wesley. The next meeting will be May 27.

RICH BREMEN CLUB

The Rich Bremen 4H club held their regular meeting April 25 at the Farm Bureau Hall with president Dale Twietmeyer presiding. Henry Bohlman gave a report on the Club Tour, and Ronnie Hattendorf spoke on what he learned about Camp Sha wa nas see. Edwin Guerke gave a demonstration on cleaning the milkers. It was decided to postpone the polka dance until next fall. Randall Siekman, Leslie Kohl and Mel Hoger discussed various aspects of the trip to Camp Shaw wa nas see.

Refreshments were served by Emil Detenbrink.

The next meeting will be held May 23 at which Clyde Hoger,

Gene Piepenbrink and Edwin Guerke will give talks. The annual trip to Camp Sha wa nas see was held Sunday, May 4. The Rich Bremen and Go Getters spent the entire day at the camp and enjoyed a potluck dinner.

There's No Place Like Home - For Accidents!

Industry learned in 1957 that, indeed, there's no place like home—if you want an accident!

That fact came out in a survey by the National Safety Council of the off-the-job accident experience of 78 companies.

The companies surveyed, representing a cross-section of U.S. industries—75 companies employing a total of 155,000 persons, and three with about 132,000 employees.

The companies—including some from Canada and the U.S. territories—are engaged in activities ranging from manufacturing heavy machinery to operating paper mills. Even stevedoring operations are included in the Council survey.

The survey showed these facts:

1. Working for the three big companies was 12 times as safe in 1957 as being at home or in public places.

2. Injuries to workers employed by the 75 smaller companies occurred nearly five times more often off the job than on.

3. Old-fashioned slips and falls nosed out modern traffic as the No. 1 hazard to employees of 78 companies. They injured 1,982 workers off the job in 1957, as compared with 1,967 persons injured in off-the-job auto or truck accidents.

4. Traffic was, however, the It took more than eight times as many lives as did falls and slips.

5. The 75 smaller companies reported that each off-the-job injury kept employees away from work an average of 18 days.

Corn drying is practical and profitable for Illinois farmers. It is part of a new way of farming that includes new harvesting equipment, artificial drying, low-cost storage and feed-lot automation.

Argo School Board Flunks Civics Course

(CNS)—Citizens, whose right to examine poll books used in school district elections has been established in court, are not expected to have photographic memories.

They also may copy the public records, Circuit Judge Harry M. Fisher has held in an amended order.

That the poll books are public records which may be examined by any citizen or taxpayer in the school district was upheld in an order entered by Judge Fisher, early in April.

The ruling came in a case where a group of Argo citizens sued to establish the right to examine records of tax rate referendum last year in Argo Community high school district. The school board had refused to open the poll books for public inspection.

Check Arithmetic

Attorney Richard G. Raysa, representing the citizens, soon trooped back to court. The school board allowed the people to look at the poll books all right, but the secretary of the school board refused to let them make notations from the records, Raysa complained.

"There isn't much sense of examining them unless we can take notations from the poll books," Raysa said.

Judge Fisher agreed. He amended his declaratory judgment order to add: "The right to examine said poll books includes the right to copy the same."

Raysa said the plaintiffs wanted to note names and addresses of voters and check them out because "an unusually large" number of votes were cast in one of the precincts. The precinct recorded 290 votes but never before had more than 70, Raysa said.

Alternate grazing systems help to produce more milk at lower cost, according to a University of Illinois dairy specialist.

Judge Denies Leniency For Bank Embezzler

(CNS) Saying "I'm not going to put Uncle Sam in the collection business," U. S. District Judge Julius H. Miner last week sentenced a woman teller at the State Bank of Clearing, 5601 West 63rd street, to two years in jail after she failed to account for \$85,000 of her \$129,000 shortage.

She is Miss Aurania Pappas, 40 years old, of 7548 West 62nd street, Summit, who had worked for the bank twelve years.

"Oh, Mr. Miner, no, no," were her only words during the hearing.

Her attorney, B. H. Valens, had asked for probation, pointing out she "always had a good reputation."

"Most embezzlers enjoy good reputations," snapped Miner. "Banks don't hire people with bad reputations."

Judge Miner pointed out that government agents believe she has hidden the missing \$85,000. Of the \$44,000 accounted for only \$18,000 has been paid.

FARM NEWS

For
Cook County
by
**W.F.
Whiteside**

Assistant farm adviser

Fair weather so far this season has allowed farmers to move along rapidly with field work. The weatherman has been rather stingy with rainfall so far this spring.

Herb Kohl, Rich township farmer and I checked last year's thistle control demonstration plot. The population of thistles is drastically reduced, with only an occasional plant showing. Amino triazole at four pounds of active ingredient per acre was our partner in eradication of the Canada thistles. It looks like a good tool for farm use.

The oat demonstration plot on Herb Kohl's farm looks uniformly green. There are ten different varieties in the plot, located on Vollmer Road just east of Cicero ave.

Don't underestimate the value of inoculating your soybean seed.

Its especially true on ground where you are planting soybeans for the first time.

Planting inoculated seed there may even double the yield over what you might get if you planted seed that had not been inoculated.

Even on ground where soybeans have been grown before, inoculation is good, cheap insurance for top yields. You can inoculate for as little as 10 cents an acre.

Most important thing about inoculating soybeans is to be sure each seed gets some of the inoculant. You can mix some inoculants with water, but that is not necessary with the hu-

mus type.

To be sure the seed and inoculant are mixed well enough, mix them until you think you've done a good job. Then mix them that much more.

New strawberry beds planted this spring should be side-dressed with ammonium nitrate in early June. You'll need about one-half to one handful per plant.

You'll also want to be sure to remove all blossoms on these new plants to permit better runner production. As the runner plants develop, try to have them root about 6 to 8 inches apart. It is best not to let the row get more than 24 inches wide.

If you have an old strawberry bed that you want to renew, narrowing the rows after harvest with a small roto-tiller or garden tractor so that they are about 4 to 6 inches wide is a good suggestion. If you don't have this equipment, just plain muscle and a hoe will get the job done. On beds that are being renewed, apply about 5 pounds of 10-10-10 fertilizer for every 1,000 square feet.

If you have a strawberry bed that will bear fruit this year, it would be well to dust or spray with captan once every four or five days right thru harvest if we have continuous rain or after each rain if they spread out. In this way you can control strawberry grey mold rot.

Today's emphasis on integration in farming is simply a continuation of the agricultural revolution that started more than 100 years ago, according to a University of Illinois agricultural economist. Modern integration started with crop rotations. This change called for re-organizing farm enterprises to bring about top production from available land sources.

THE BREMEN BEAT

By EDWIN BRUELL

Candidates for membership in the Indian Star Chapter of the National Honor Society at Bremen community high school are up for nomination.

Election of members will be determined by a charter council consisting of T. R. Birkhead, superintendent, and the Bremen faculty.

The academic rating and summary of extra-curricular activities of the candidates are now being reviewed, and members will be chosen on the basis

of leadership, service, and character.

Emblems will be presented to the elected members at an Honors Day assembly near the end of the school year, when their names will be announced. The Bremen Student Council will furnish the emblems.

70 TAKE TESTS

Seventy upperclassmen at Bremen took the national merit scholarship qualification test Tuesday, April 29.

It was administered by Robert Moser, director of guidance at that school.

The test is a screening device to select thousands of national scholarship winners.

Students will receive a report of their scores, so that the results will provide them with a picture of their academic strength and weakness, even if they use the test for guidance and vocational planning only.

The test was devised by Science Research Associates of Chicago.

Jennifer Gilman, Alice Winegarner, and Vernon Fein, editors of the BREMEN ECHO, school newspaper at Bremen, recently attended the eighth annual Northern Illinois high school press conference at DeKalb, Illinois.

Accompanied by Norma Walker, Echo sponsor, they went to Northern Illinois university, where they attended sessions on school newspapers and yearbooks and photography.

George Thiem, chief of the Springfield Bureau of the Chicago Daily News, spoke on "Be a Reporter; It's a Good Life."

Joliet Police Matron Addresses Child Study Group on Delinquency

By DOLORES ANDERSON
Phone New Lenox 3651

Twenty-four members and friends of the Second Child Study club attended the Founders Day program and meeting, don Thursday, last week, at the home of Mrs. Dale Krohn, 116 Hickory st. Mrs. Gene Krohn, Mrs. Lyle Beadles, and Mrs. Dale Drake were assisting hostesses.

During the business meeting, officers for the coming year were announced. They are:

President, Mrs. Gene Krohn;

vice president, Mrs. Thomas Chamberlain; secretary, Mrs. Larry Greenman; treasurer, Mrs. Walter Reeser; co-program chairman, Mrs. Harold Youngren and Mrs. Charles Wright; telephone committee, Mrs. Norman Johnson, and Mrs. William Kokal.

Speaker for the evening was Mrs. Audrey Meade, police matron of Joliet who talked on juvenile delinquency.

The next meeting of the group will be held May 20, when they will be guests of the First Child Study club.

The New Lenox Grade School Parent-Teacher association will meet Tuesday, May 13 at 7:45 p.m. in the Haven school. Members of the New Lenox grade school band will entertain with several selections, and there will be a panel discussion, with the topic, "The Gifted Child". Those on the panel will be John Oster, grade school superintendent, A. Hunter Chapman, Lincoln-Way high school superintendent; and Miss Theresa Hartman, teacher at Lincoln-Way. Hostesses for the evening will be the kindergarten mothers.

The New Lenox Woman's club will meet Tuesday May 20, at the home of Mrs. Robert Swanson, 1468 Elizabeth st., at Crete at 1:30 o'clock. Hostess for the afternoon will be Mrs. Roy Devore.

Members of the Episcopal guild will sponsor a Card party Friday afternoon, May 16, at 1 p.m., in the parish hall. There will be a door prize, and a prize given for each table. Refreshments will be served.

A large crowd attended the fourth annual spring concert, presented by the Lincoln-Way Community High school music department, Sunday afternoon, May 4, in the high school auditorium. Taking part in the program were the members of the Lincoln-Way band, the Girls Glee club, sophomore chorus, and the Boys' Glee club.

The Woman's Guild of the Grace Episcopal church will meet in the home of Mrs. Emma Rought on north Cedar rd. tonight (Thursday). Mrs. Betty Orey of Lincolnwood will be assisting hostess.

Marley

Mother-Daughter Dinner Will Be Served Tuesday

By VIRGINIA SASS
Tel. New Lenox 3133

A Mother and Daughter banquet will be held at the Marley church at 7 o'clock Tuesday night May 13. The ways and means committee of the Missionary society are sponsoring the affair.

Mr. and Mrs. Eugene Horwath are the parents of a son born May 1 in Silver Cross hospital.

The Marley Woman's club will meet in Silver Cross Nurses home in Joliet today, May 8 for an all day sewing session. The hostesses, Mrs. Don Reid and Mrs. Victor Zaloudek, will serve luncheon at noon. There will be a seed, plant or bulb exchange and the annual election of officers will be held.

Mr. and Mrs. Robert Peterson and son Mark and Mrs. Dale

Peterson of Melrose Park were guests Sunday afternoon of Mr. and Mrs. Glenn Peterson.

David Erdmann spent the weekend with his grandparents, Mr. and Mrs. Glenn Schifler, near Peotone.

STUDENT COUNCIL

Wednesday, April 30, the Student Council presented its regular meeting as an assembly program in partial observance of Student Council Week. Featured as speaker for the meeting was Kate Johannesson, a Swedish exchange student who is now attending Hinsdale High school for one year thru a scholarship awarded to her by the American Field Services. Further observance of Student

GEORGE MONTGOMERY stars as the Marshall whose guns were lightning and whose name was "Black Patch" at the Hill Top Friday and Saturday.

Council Week began Monday, April 28, with a potluck for student council members and their families. On Tuesday, April 29, a tour of the grade school was made by various council members to acquaint the students with the student form of government. On Friday, May 2, contributions were taken for CARE to help students and children of other lands.

Monday, April 28, the Future Teachers of Lincoln-Way visited the National College of Education and Northwestern University in Evanston. At Northwestern several buildings were toured, a boys' dorm, a girls' dorm and the cafeteria where lunch was eaten.

In the afternoon time was spent at the National College of Education where 500 students are specializing in elementary education. A great part of their education is observing students in regular classrooms.

Falls over Water Connection Cover; Sues for \$25,000

(CNS)—A Flossmoor woman, injured when she fell into a water connection hole in the sidewalk, has filed a \$25,000 circuit court suit against Chicago Heights.

She is Rose Mary Golden, 2128 Commings Lane, Flossmoor, who slipped and fell at the northwest corner of 13th street and Halsted, Chicago Heights.

Her suit alleges that the cover over the opening leading to a buffalo box was insecurely fastened and slipped when she stepped on it, causing the fall. The suit charges Chicago Heights with carelessly and negligently permitting the cover to remain loosely fastened.

The accident occurred on April 25, 1957. The suit was drafted by Attorney John L. Cifelli.

Plaster of Paris was originally manufactured near Paris, France.
